M'KINLEY IS THE NAME

The Republican Club Was Organized Last Night.

FIVE HUNDRED GOOD MEMBERS

Will, in All Probability, be Found on the Rolls of the Organization Before the Year is Over—Many Have Already Been Secured—A Permanent Organization.

Had Governor McKinley been so situated that he could have dropped into city hall and secreted himself last night, he could easily have seen the high regard in which he is held by the people of this city.

The call for a meeting of Republicans for the purpose of organizing a permanent club to be attached to that great body which has made its presence so often felt in campaigns of recent years, was well attended and the business laid down for last night was carried out with a whirl. E. M. Crosser was chosen temporary chairman and J. J. Parinton was asked to sit at the secretary's desk while the permanent organization was being considered. In the lobby there was a crowd of earnest Republicans, all good men who fight and work for party principle at all times. The object of the organization was clearly expressed in this paper a few days ago, and again given to the assembled Republicans. A constitution founded on the principles that were expressed was adopted without a dissenting voice, and committees were appointed to push the work with a will. They will look after the securing of members and will care for the finances. Permanent quarters will be opened as soon as possible, for the club was last night placed on a sound footing. The membership fee and dues will be placed within easy reach of all, and the spirit with which the organization started will be maintained. When a name was selected for the club it was suggested that it be called after that great statesman and earnest Republican, James G. Blaine, but the mention of McKinley from another quarter brought forth loud applause, and the club was named after the governor of Ohio, amid great enthusiasm.

The rolls of the club already contain a large number of names, but it is the intention to increase the list until the 500 mark is reached. If this can be done, and there is no reason why it can not, the McKinley club of East Liverpool will be known far and wide as one of the best political organizations of Ohio.

AT THEIR OLD TRICKS.

The Masons Entertained Their Wellsville Brethren.

The Chapter, Masonic, last evening entertained their Wellsville brethren, and the occasion was one of great merry-making and rejoicing. The hall was decorated in great taste with laurel, ferns and golden rods, and was a veritable bower of beauty. One of the ante-rooms was hung with colored lights, and handsomely trimmed out in flowers, while great punch bowls placed on a neatly arranged table were filled with lemonade for the thirsty. The principal feature of the banquet hall were two long tables filled with viands for the feast and cut flowers. B. C. Simms was master of ceremonies, and welcomed the guests in a happy little speech that made all feel pleasant. Wolf's full orchestra made music for the dancers, and the pleasure was continued until a late hour. The Wellsville Masons and their wives went home delighted with the entertainment, and realized that the Masons of Liverpool are among the best entertainers in the land, for they never leave anything undone that will add to the pleasure of their guests.

A ROW ON SMOKY.

Mayor Gilbert Was Called to Quell the Disturbance.

A telephone message was sent to city hall last evening that announced a big row at the restaurant of Joseph Houck on Second street. There being no officers about, Mayor Gilbert decided to quell the disturbance himself, and hastening to the scene of warfare prepared to assert his authority. The trip only ended in disappointment for the mayor, for the place was locked up and dark, and there was no one there to arrest. He learned that there had been quarrels in the restaurant all afternoon, but as usual no one was hurt.

CONSUMPTION

Was the Disease That Caused the Death of Miss Ella Salisbury.

Ella, the daughter of Mrs. Lucinda Salisbury, died at the family residence, 197 Seventh street, this morning after a long illness, consumption being the cause. The disease had its foundation in a cold contracted last

November, and has been slowly eating its way into the life of the deceased until early this month when she returned from a visit, and was from that time confined to her room. She was a member of the First Methodist Episcopal church, Epworth league, and the Daughters of Liberty, and the last named organization will attend the funeral, which may take place on Sunday from the church. Miss Salisbury died a Christian, happy that she was soon to see the streets of heaven, and the scene at her death bed is described as impressive. She was 21 years of age.

THE LETTER THAT HE LONGED FOR

Came at Last, but It Crossed the Atlantic Twice.

A few weeks ago a Liverpool man was mailed a letter from the headquarters of the Typographical union in Indianapolis. The clerk who directed the envelope only put Liverpool as the town, and the mail agents who handled it decided that there was but one Liverpool in the world, and sent it to England. There it was not called for, and the mail men returned it to the address in the upper left hand corner of the envelope. In time it was received at Indianapolis, but not before it had been sent to many postoffices and had been stamped by many stamps. When it reached the office they put it in another envelope, sent it to the right address, and it reached here after wandering thousands of miles.

STRIKE ENDED.

The Akron Men Got a Raise, and Are Satisfied.

Robert Wilson was in from Akron today, and says that the strike is ended. Some new arrangement in the pressing shop caused the trouble, but that has all been settled. Then some of the boys asked a raise in wages, and then they were laid off for a day or two until the matter was adjusted. Now the boys, all of whom are apprentices, got the raise they asked in the greatest number of cases, and the matter was satisfactorily adjusted. Mr. Wilson says this was done after the potters who came in from Akron a few days ago arrived here. He says it is settled beyond any doubt, and if there are any who don't believe it they can soon learn the facts in Akron.

GOT OUR SHARE.

Liverpool Remembered at the Endeavor Convention.

The United Presbyterians who attended the meeting of Christian Endeavorers at Richmond are home, and say they had a delightful time. When the offices were handed around Miss Lulu Hanley, of East End, was made secretary; Miss Jennie Meador, of Sixth street, was placed on the executive committee, and Frank White, of East End, got a place on the same committee, as well as being numbered among the delegates who will represent this district at the state convention. Richmond put forth its best effort in entertaining the visitors.

SOMETHING ON HAND.

Potters Hold a Meeting But Have Nothing For the Public.

Another of a series of meetings was held by the Brotherhood last evening delegates from all the unions in town being present. When asked today what they had done President Hughes said that nothing was being given out. They were discussing matters of importance that will appear in good time, but there was nothing for publication just now. He denied that unions out of town were interested in the movement.

MONEY TO BURN.

Liverpool Is Having a Good Time in Beaver and Pittsburgh.

The passenger station was well patronized today, and Agent Adam Hill had his hands full handing out the little bits of pasteboard to people who wanted to spend a day out of the city. The passengers for Beaver numbered 280, while 76 decided they would go to Pittsburgh. Two sections of the morning train were required to carry the people from down the river, the first section being a special for Beaver passengers alone.

THIS IS INTERESTING.

The Cause of the Woes of a Married Man.

J. W. Robb, a traveling medicine agent living on Third street, returned home yesterday to find that his wife had left him and started a dressmaking establishment, where she expected to earn her own living. He was surprised at the turn affairs had taken, but could do nothing more than make the best of the bargain when he learned that his wife believed he was a nuisance.

FLED WITH HER SON

An English Woman Tires of a Brutal Husband.

SHE IS NOW IN BRITAIN

Another Tale of Where Marriage Was a Most Pronounced Failure—The Husband Abused His Wife and is Now Wondering Where She is—The Story is Ended.

That marriage is often a failure has become an old, old story, but it seldom happens that a neighborhood is accorded the privilege of discussing a case equal to the one that gives Starkey lane an opportunity to talk just now.

The central figure is a man who has had a large circle of acquaintances in the city, but has lost some of them because of the manner in which he treated his wife. She is described as a patient woman, who has spent years in endeavoring to convince her husband that he does wrong in treating her as he has done, but without visible effect upon his conduct. He continued the path he so often trod, and it was no unusual thing for him to go home and beat and roundly abuse her in a shameful manner. At times she has been compelled to fly to her neighbors to escape his cowardly attacks, and times have been known when she was turned out of the house, cursed and threatened at every step. Unable to stand this cruelty any longer, she recently took her son and fled from the house, leaving the city for New York, where she took passage, and is now on her way to England, where she had a good home when she was a girl. It is understood that this was all arranged before she left the city, and she will live with her parents on the other side. The husband, it is thought by her friends, knows nothing whatever of his wife's whereabouts, and does not seem to care, since he thinks she will soon return. His name is known and freely handled by the people who know the story, and they are not a few, but for reasons that may appear later it is withheld. The woman left on Monday and sailed from New York on Tuesday, having taken the train at Rochester.

NOT THE MAN.

James Swaney Released This Morning. News in Police Court.

James Swaney, who was charged by Caroline Vandyne Smith with stealing \$125, was released from jail today. Caroline appeared to have been mistaken as to the man, but Swaney does not take kindly to the trouble she caused him.

John Quinn, a local tailor, was drunk and disorderly when Officer Meador found him and advised him to visit at city hall. John did not care to visit and resisted. The officer called the patrol, but Patrolman McMillen was at dinner and could not respond. Quinn was finally taken to city hall and locked up. He had no money and said he would like a trip to the workhouse.

Cliff Dawson was released from the city prison last night his father having appeared and vouched for him. Benjamin Harker, foreman at the Knowles plant, walked into the mayor's office later in the evening, and asked that the sentence of Keenan, the other man arrested, be made as light as possible, and the mayor decided to let him go provided he would promise to behave himself and pay the costs.

Mayor Gilbert has changed his mind about Sidney Burroughs, and it is likely that the youth will go to Canton with French tomorrow. It was decided that he should buy his liberty by cleaning city hall, and he became "sassy," as the mayor styles it, and punishment will follow.

There was a little incident in connection with the arrest of Gill in the East End the other day that did not become public property at that time. He resisted, and Officer Meador gave three blows with his club, after which Gill was a fit subject to be taken down.

BENEFIT FOR ALL.

Dam the River and There Will Be a New Order.

Captain Henderson, one of the best known of Ohio rivermen, is quoted as arguing this way in favor of the improvement:

"The Ohio river furnishes favorable means for transportation if it were properly dammed and locked from Pittsburgh to Cairo. It would result in a material increase in traffic. All the western and southern states are interested in the improvement of the Ohio river, for it is a great highway, over which the manufacturer, the merchant, coal operator, farmer and every shipper transports his commodities at as low rates of freight as can

be secured to all points north, west, south and even to the shore of the Pacific ocean.

JOHNSON ASKS DAMAGES.

He Wants the County to Pay Him For Going Over the Hill.

Special to the News Review.

LISBON, Sept. 26.—James R. Johnson, the Liverpool teamster, sued the county commissioners today for \$1,000 damages. He claims that on April 26 he was driving along the Wellsville road when his team, at a point near Brady's run, scared at the wreck of a milk wagon, and plunged over the bank. One horse died from his injuries, and the wagon was broken while the driver sustained permanent injuries.

The First National bank sued A. C. Bradshaw and Laura Barth for \$1,600 today. It is the amount of a note given last May.

BOGUS COIN.

An Old Piece In the Hands of a Local Man.

While making a purchase at a store the other day, F. Leslie Trump received a five-cent piece that is a curiosity. It was coined in the year before they put cents after the word five, and was evidently used by some sharper, as were thousands of others, as a \$5-gold piece, for its face plainly shows the remains of the thin plating of gold. Then it was probably used to adorn some fair maiden's necklace, for two holes were once punched in the coin. These were plugged when the counterfeit was discovered and the nickel again began active duty as a five-cent piece.

AFTER THE BOYS.

Liverpool Lads Were Arrested in Wellsville.

Detective Meehan, of the railroad, has not allowed his campaign against the train jumpers to grow cold, and some arrests are made almost every day. The latest victims in which Liverpool is interested are two young men who gave the names of Hassey and Viney. They were captured at Wellsville after having been watched all the way from Rochester, and were locked up. Hassey was released by a relative paying his fine, and Viney got out in the same way. It cost them \$6 each.

M'GREGOR DECISION.

The Circuit Court Will Report Its Findings Tomorrow.

Special to News Review.

LISBON, Sept. 26.—The circuit court has made such progress with its work that the decisions are expected tomorrow, and with them the fate of the motion for a new trial in the McGreggor case. No word is given out as to what that will be, although the opinion expressed by the News Review yesterday is still generally believed in this city.

A PLEASANT TRIP.

A Liverpool Business Man Has a Decidedly Good Thing.

T. J. Barnes, accompanied by Anthony Schaub, a fruit dealer of Pittsburgh, will leave Monday for Philadelphia and set sail on Tuesday for Porto Rico. The trip was offered to Mr. Schaub and a friend free of charge by the owners of the line of steamers plying between these two places, and being a warm personal friend of Mr. Barnes, he was asked to accompany him. The trip will last about 25 days.

Will Go to Lancaster.

Mrs. David Strauss, who, with her family, formerly occupied a shanty boat above Thompson's pottery, was at city hall this afternoon to see what would be done with her son Earl. Truant Officer Beardmore placed a charge against him and Mrs. Strauss said she could do nothing with him. He will probably go to the reform school, as will John Prudence, a Second street boy. Young Strauss is the boy who was so badly hurt by a train while sleeping on the track at Rochester a few months ago.

Hunting For Relatives.

Trustee Lloyd has sent out letters regarding the identity of Mrs. A. F. White, the lady who died here Sunday, and Agent Hill is searching for the baggage which the Baltimore and Ohio and Wheeling and Lake Erie check is supposed to call for.

A Sensation Coming.

A well known law firm is known to be preparing papers in a case that will be sensational to say the least. They will not divulge the nature of the action, nor do they deny that it will be one of unusual interest.

A Pleasant Party.

A crowd of young people spent a pleasant evening at the Beal residence, California hollow, last night.

TWO FEMALE TRAMPS

They Walked From Cincinnati by Themselves.

ENTERTAINED BY THE TRUSTEES

They Wanted Passage to Pittsburgh, But That Was Refused. Although They Slept Well in a Hotel at the Public's Expense—A Wonderful Record.

The township trustees are frequently called upon to care for men who tramp across the country but it seldom happens that they are called upon to feed women who are far from home. Last night was an exception for Mary Miller and Laura Griffith walked into the office on Fifth street, and informed Trustee Albright they were tramping from Cincinnati and wanted passage to Pittsburgh. Mr. Albright was astonished, and gazed at them in wonder, but he eventually found time to inform them that he could do nothing of that sort. They complained of being destitute and in need of shoes, but he could do nothing for them beyond providing a lodging place for the night, where they could also get breakfast. He could not give them shoes, and they went away disappointed, but glad that they had a place to sleep, for the night before they had occupied a deserted shanty between here and Steubenville. They belong in Pittsburgh, and recently walked all the way to Cincinnati in search of employment.

Death of Captain Calhoun.

Captain Richard Calhoun, one of the oldest residents of Beaver county, is dead at the age of 80. For 55 years he was a steamboat captain on the Mississippi and Ohio rivers. He served through the civil war, and at the blockade of Vicksburg was commander of the Horizon, a vessel owned by himself. At the close of the war he returned to the steamboat business and made a good deal of money. Of late years he has lived a retired life at Georgetown. He is survived by his wife and four children, and was very well known and highly esteemed in this city.

Doing Nothing.

A prominent member of the board of education was questioned by a reporter regarding that awful fight over the bible in the central building, as detailed in a local paper last night, and he promptly disclaimed any knowledge of it. He did not know that there was any trouble, and he certainly knew that there had been no talk about it at board meetings, it being improbable that the board would take any action.

Special Rally Day.

There will be a grand rally day at the First United Presbyterian church, this city, on Sunday morning next, at 9:15. A program of special music, essays, recitations and speeches has been arranged, and an exceedingly pleasant time is anticipated. You have a cordial invitation to be present and bring your friends. Professor Gotschall will have charge of the musical part of the program.

There Was a Mortgage.

Constable Lyon yesterday afternoon levied on the property of Wilson & Gaston to satisfy the judgment of Albert Weimer, the Kensington dairyman, but he ran against an obstruction. It was in the form of a chattel mortgage held by Miss Lizzie Wilson, and its presence necessitated a hearing of the replevin case that followed. The trial is taking place this afternoon.

She Pleaded Guilty.

Mrs. McCrea, the Peake's point woman against whom a charge of assault and battery was preferred in mayor's court yesterday by Mrs. Dawson, appeared before Mayor Gilbert later in the day. She decided to plead guilty and paid the \$9.60 the mayor thought advisable to fine her. She claimed great provocation on the part of Mrs. Dawson.

Changed the Date.

The suit of Thomas Mears against I. N. Crable, involving the amount of two promissory notes, was to have been heard by Squire Morley today, but it has been postponed until Oct. 7.

In the court of Squire Rose this morning Kate McCurren confessed judgment in favor of Salina Chamberlain for \$62.

An Incident.

The people who want Avondale street paved cite this instance as one reason why the road should be improved. A small boy was riding on the tail board of a wagon when it passed over one of the numerous bumps that make the road notorious, and the boy sat on the ground.

BRICE AS RUNCOR.

The Cleveland Leader believes that Senator Brice is at the head of a great bunco scheme, and forcibly argues thus. "He is anxious to make the friends of Campbell believe that an honest effort will be exerted, this fall to elect the Democratic candidate for the governorship. He desires to make it appear that he really wishes to see the Democratic state ticket win in Ohio, and that the senatorship is a matter of secondary consideration. Perhaps he was compelled to do this by contract with his hired man, for it is a fact that Campbell stuck for a promise of loyal support by Brice before he would consent to head the state ticket. But Brice is not anxious to see Campbell elected. His only aim in Ohio is to control the legislature, which is to choose a United States senator next winter. He is now in Ohio laying the ropes for the election of Democratic members of the general assembly. That is what his conference with Farley and Ohlinger in Cleveland means, and that is the meaning also of his visit to the state committee—his state committee—in Columbus. All the Brice agents will receive their instructions before the end of this week, if they have not received them already, and those instructions will doubtless contain full directions as to the method of trading Democratic votes for legislative candidates. Instead of Brice being in favor of the nomination of Campbell for the presidency, it is absolutely certain that Campbell is expected to do his best to help Brice secure control of the legislature. If the senator should come close to carrying the general assembly, he will take all the credit for the partial Democratic victory and go into the presidential race next year with the prestige such a victory would give him. Nobody should be deluded by Brice's pretensions that he is working for Campbell or anybody else in this year's campaign. Brice is for Brice and nobody else."

Good health is a precious boon and those who enjoy it should preserve it at whatever cost. Libby's Phosphatic Beef, Iron and Wine is the great health preserving remedy, never failing tonic, strength and tissue producer and builder up of weak and debilitated women. Sold by first class druggists. Be sure you get Libby's. Don't be persuaded by any dealer to take something he will tell you is just as good—his object is to sell you some poor decoction upon which his profits are large. Go to some first class dealer or send \$1 to us, Libby, McNeil & Libby, Union Stock Yards, Chicago, or send to Alvin H. Bulger, leading druggist, East Liverpool, O.

Prices very reasonable for a stylish dress or business suit, at Fred Laufenberger's.

Fond Anticipation.

The soldier boys are already discussing the encampment next year, and believe that it will be the greatest in the history of the guard. It is thought the gathering will be made up of all the troops in the state, including the independent organizations. Tonight is the time of regular drill for Company E.

Perfect fitting suits guaranteed by Fred Laufenberger.

A DEEP WAY TO THE SEA

Discussing a Route to the Atlantic at Cleveland.

EMINENT ENGINEERS APPOINTED.

Premier Bowell Designates One to Represent Canada at the Convention—A United States Representative Then Selected—Papers on Different Subjects.

CLEVELAND, Sept. 26.—At the deep waterways convention a partial report of the committee on credentials has been submitted, indicating the presence of 330 delegates from 15 states and provinces.

President Howland stated that he had received a communication from Sir Mackenzie Bowell, premier of Canada, designating an eminent engineer, Mr. Munroe, to represent the Canadian government at the convention. Mr. Howland then invited Lieutenant George P. B. Low, who came to the convention as a representative of the United States government, and Mr. Munroe, to take seats on the platform. He said the action of the two governments in sending representatives to the convention did not in any way commit them to the policy of the convention.

After adopting a rule limiting speeches to ten minutes, discussion was declared in order, and Mr. Richard R. Dobell of Quebec, and Mr. A. L. Crocker, president of the Minneapolis board of trade, gave abstracts of the papers which they had prepared on "Export Lumber and Timber Trade." Mr. Dobell, in closing, cordially invited the convention to meet next year in Quebec.

George V. Wisner of Detroit, read a paper on "Lake Levels," in which he suggested the regulating of the stage of water in Lakes Erie, Huron and Michigan by means of a dam near the head of the Niagara river. Thomas T. Johnson of Chicago also read a paper on "Lake Levels." He said their regulation will secure an increase of low water navigable for depths in the several feet, besides rendering the depths at all times more nearly uniform, and thereby enabling ships at all times to carry nearly full cargoes.

Mr. Joseph R. Oldham's paper on the subject "Is a Type of Vessel to Navigate Fresh and Salt Water Practicable?" Mr. Oldham thought he could design a large screw steamer that would answer fairly well for combined ocean and lake trade. Such a design would partake of a compromise between typical lake and ocean steamers.

The paper prepared by Mr. Thomas Curtis Clark of New York was on the subject "New York and Deep Water to the Great Lakes." "It is agreed by Americans," said Mr. Clark, "that New York is the port to be aimed at and the question is how to cheapen transportation thither. The cost of transportation can be lessened either by very deep ship canals or by canals deeper than those at present in use."

Mr. Clark then said: "Public opinion should concentrate itself upon the following things: First, immediate improvement of the Erie and Oswego canals, upon which a vote is soon to be taken. Second, construction of a ship canal not less than 25 feet deep around the falls of Niagara. Third, surveying the Oswego and Albany route to see if such a canal can be built within practicable limits of cost. Fourth, if fleets of steel barges can be built and insured so as to run both on the canal and on the lakes this would be a grand system."

The paper prepared by Mr. Alexander H. Smith, secretary of the executive committee of New York, was upon the subject, "An Improved Erie Canal Offered to Lake Commerce as a Substitute For a Ship Canal."

The paper prepared by Prof. Emory R. Johnson of the University of Pennsylvania was on the "Effect of Deep Water Between the Great Lakes and the Sea Upon Railway Traffic and Profits."

Prof. L. M. Hought of Philadelphia wrote a paper on "Sectionalism and Railways vs. Deep Waterways." He said in part: "The most prosperous and successful railroads in the country are the ones which parallel the cheapest water routes."

French Surprise the Hovas.

PARIS, Sept. 26.—Official dispatches from Madagascar have been received here, according to which the French advance guard crossed the Ambohimena mountains and met and defeated the whole of the forces of the Hovas with 30 cannons. The attack upon the Hovas was a complete surprise. The French suffered no losses. The troops have arrived at Antohy, only 40 miles from Antananarivo, the capital of Madagascar.

Decrease in Internal Revenue.

WASHINGTON, Sept. 26.—The monthly statement prepared by the commissioner of internal revenue shows that the total receipts of his office during July and August of the present year were \$25,742,522, as against \$51,925,404 during July and August, 1894. This is a decrease of \$26,182,881, or over 50 per cent. The net decrease for the single month of August was \$14,203,650.

The Charges Denied.

CHEYENNE, Wyo., Sept. 26.—Governor Richards and other Wyoming state officials have sent an open letter to Secretary Hoke Smith of the interior department denying specifically the charges of fraud made by Robert Foote, state senator from Johnson county, against certain state officials and prominent citizens of Wyoming.

The Valkyrie Crew Kicking.

LONDON, Sept. 26.—A dispatch from Queenstown to the Pall Mall Gazette reports that the crew of the Valkyrie III, who arrived on board the steamer Majestic, speak indignantly of the way in which excursion steamers and tugs hampered the yachts in the races off Sandy Hook for the America's cup.

State of the Gold Reserve.

WASHINGTON, Sept. 26.—The treasury has lost \$1,000,000 in gold for export to Europe and \$150,000 to Canada, leaving the true amount of the gold reserve at the close of the business \$94,118,494.

ANOTHER COUNTY SHORTAGE.

A Committee Reports on the Investigation of Delaware County's Books.

DELAWARE, O., Sept. 26.—On July 8 an investigating committee, composed of E. P. Hoover (D.), W. S. Sherwood (D.), and Abner Said (R.) previously appointed by Judge J. S. Gill (D.), began work on the records and books of the county auditor, county commissioners and county treasurer. They have just closed their work by handing in a voluminous report to the court of common pleas of their findings.

The committee finds that Auditor John J. Ramage has excessively drawn salary to the amount of \$1,172.95, and illegal drawings, \$339.93. L. P. Lewis, excessive, \$733.95, illegal, \$979.87.

The committee found that the books under Treasurer N. P. Ferguson and Auditor Joe J. Ramage had been changed so as to defraud the county of \$1,000. This deficiency was found in the soldiers' relief fund between February and August, 1895.

It is also found that John Chapman, deputy treasurer at that time for Treasurer Ferguson, who died Sunday night at Hutchinson, Kan., drew ten years' pay when he was entitled to only five months' pay at that time as a member of the soldiers' relief commission.

In the auditor's books from Feb. 28 to Aug. 31, 1895, orders issued on bounty fund amounting to \$13,190, which are not accounted for. The following August orders were issued to the amount of \$3,133, of which \$100 was paid, leaving the rest unaccounted for.

A General Demand Expected.

MASSILLON, O., Sept. 26.—It is believed that the action of the coal miners of the Massillon district, in deciding to demand an advance to 60 cents per ton after Oct. 1, will precipitate a similar demand throughout Ohio. The miners now receive 51 cents a ton, but the operators expected to offer 56 cents on Oct. 1, assuming that the differential under Pittsburgh must be subtracted from Pittsburgh's cash rate. The miners contend, however, that the company store rate of 69 cents must be taken as the basis, giving them 60 cents in Ohio. If their demand is refused they will strike.

Two Governors at Pomeroy.

POMEROY, O., Sept. 26.—Governor McKinley is attending the reunion of the Society of the Army of West Virginia. Five thousand old soldiers are here. Governor MacCorkle is also present.

Ohio Bankers' Convention.

CINCINNATI, Sept. 26.—Two hundred delegates attended the fifth annual convention of the Ohio Bankers' association here.

SMALL OHIO HAPPENINGS.

James Butler of Marion fell from his bicycle, fracturing his collarbone.

John Drugorcka died from the effect of a blow given by Mike Palgot, at Lorain. Palgot has been arrested.

Del Wilson, charged with criminal assault at Lima, has been arrested in Toledo and brought to Lima for trial.

Mrs. Tuttle, aged 52, at Marion fell from a lounge on a table of a wagonload of furniture and was severely injured.

John Weatherwax, who attempted to cut Will Startzman's throat, was sentenced to Portsmouth for two years.

Leroy Ferguson, suspected of being the robber who held up Judge G. E. Holderness at Guyandotte, has been arrested at Portsmouth.

Relatives of William Armstrong of Cortland, have enlisted the assistance of officers to search for him. Armstrong disappeared a few days ago.

The campaign opened at Ft. Recovery by the People's party. General Coxey addressed a mixed assembly of Democrats, Republicans and Populists.

At a meeting of the Springfield board of affairs a landscape painter of Cincinnati was hired to do the landscape work on Snyder park.

The Holmes county fair has opened at Millersburg. The efforts of the temperance people to close the saloons during the fair have been unsuccessful.

The Huston will case at Portsmouth has been decided in favor of J. H. and William Varner, the plaintiffs, breaking the will. An appeal will probably be taken.

Dan Moon, Jr., of Westboro, a brakeman on the Muskingum valley, fell beneath the cars near Winton and the wheels cut his right arm off near the shoulder.

Ruth, the daughter of Elmer Ralston of Lima, died from typhoid malarial fever, and the attending physician claims the germ came from the Lima sewer, and so notified the health officer.

Mr. H. R. Snyder of the Urbana Publishing company, which publishes the Daily and Weekly Citizen and the Gazette of that place, filed a petition asking for dissolution of partnership in common pleas court at Springfield.

The engineers, Morrison, Paul and Scott, of the canal in Marion county, have completed their survey, and pronounce it the most feasible route from the lake to the Ohio river. The canal follows up the Scioto.

The safe in the hardware store and post-office at Mt. Hope was burglarized and nearly \$100 in money and stamps taken, besides about \$300 worth of cutlery. The thieves stole a horse from the stable of A. C. Fritch to haul the booty away.

Mrs. Michael Sawyer of Tremont died on a Big Four passenger train near Middletown. Mrs. Sawyer went to Cincinnati to have an examination with a view to an operation for cancer and was on her way home when she died.

Stella Miller and Della Alexander fought a hard battle on the streets of Agosta, Marion county. The village council has determined that the marshal shall bring them before the honorable mayor to answer for the misdemeanor, or resign his office.

J. S. Dodge brought suit at Portsmouth to compel the waterworks trustees to supply water to a house belonging to him. A former owner owes a water bill, and the rules of the trustees forbid the turning on of the water until all arrearages are paid.

Thomas Mahoney, a painter from Youngstown, fell 50 feet from the third story of the Arlington hotel at Portsmouth. Beyond a slight scalp wound, he escaped uninjured. He says that he fell from the seventh story of a building in Indianapolis two weeks ago.

Ex-Policeman Charles Cauthorn and his brother-in-law, Sherman Marcum, engaged in a street fight at Columbus, in which Cauthorn was badly beaten. The difficulty grew out of the alleged mistreatment by Cauthorn of his wife, who is a sister of Marcum.

There was received at the office of State Treasurer Cope, at Columbus, a check from F. J. Jones of Cincinnati, for \$50 in payment for land he occupies on the tow-path of the canal. A check was also received from W. T. McGuire for \$248, in payment for a tract of land belonging to the state, in Paulding county, which he has been occupying as his own.

PENSION LIST GROWING.

About 1,000 More Names Added to the Rolls This Year.

WASHINGTON, Sept. 26.—A year ago Commissioner of Pensions Lochren said that the limit had probably been reached in the number of pensions, or rather in the amount to be yearly appropriated for pensions, but that for two or three years the payments would remain about the same. It was his opinion that there would be a slight reduction in the number of pensioners on account of deaths, but that the allowance of new pensioners, with back pay and arrears, would probably keep the amount about even.

While the amount of money paid for pensions will not be materially different from that of past years, it appears that there has been added to the pension rolls during the year about 1,000 names in excess of those that have dropped out, so there has been an increase instead of a decrease. There have been a great many outstanding pension claims adjudged during the year and that accounts for the large increase. The year has not been very fatal to pensioners, the death rate being less than would be anticipated at the time of life at which the veterans of the late war have arrived.

A PRIZEFIGHT LICENSE.

Test Cases Brought In Texas to Decide Whether It Must Be Issued.

AUSTIN, Tex., Sept. 26.—A petition for a writ of Mandamus to compel State Comptroller Finlay to issue a prizefight license has been filed with Justice Denman of the supreme court, but it hardly will be acted on until the first Monday in next month, when court meets at Tyler. Mandamus papers were also served on Collector Williams of this county to compel him to issue prizefight license. The case is brought by county officers to test the law.

Should the decision concur with Judge Hunt's opinion it is believed that the fight will take place. Major O'penheimer says he does not believe that the military will be used to stop the fight.

Armormakers' Protests Heeded.

WASHINGTON, Sept. 26.—After a reconsideration of the subject, Secretary Herbert has decided to abandon the idea of advertising for proposals for building the two new battleships with a provision for the inclusion of the necessary armor for the ships in one form of bid. Consequently the advertisement will call for bids for the ships without armor according to the existing practice under which all our new ships were built.

Latham May Go to St. Louis.

ST. LOUIS, Sept. 26.—It is stated positively that Manager Bancroft of the Cincinnati team, which is now playing in St. Louis and which has Arlie Latham playing third base for it, has made a direct offer to Von der Ahe whereby the popular third baseman may be brought to St. Louis. Bancroft wants Catcher Peitz.

Provisions Spoiled and Soldiers Dying.

TOULON, Sept. 26.—Dispatches received here from Madagascar state that all the provisions of the French expeditionary force have been spoiled by high tide. It is also reported that French soldiers stationed at Majunga are dying at the rate of 30 to 40 a day.

Silver Ingots Stolen.

LONDON, Sept. 26.—Silver ingots of a total weight of 35,000 ounces, which had been shipped by Vivian & Co., Swansea, to Sharp & Williams, London, have been stolen from the van in which they were shipped while in transit from the Midland depot. No clue has been obtained to the robbers.

Wind Damages a Circus.

BURLINGTON, Ia., Sept. 26.—A terrible wind, hail and rain storm has passed over this city. Barnum and Bailey's circus was giving a performance and dismissed the audience. The main tent, animal tent and boarding tent were blown to strips and completely wrecked. No one was injured.

Durrant's Attorneys Trying to Ring In the Preacher.

ALIBI PROMISED FOR DEFENDANT.

An Opening Statement of the Intended Line of Defense Made—Attempt to Be Made to Impugn the Evidence of Important Witnesses.

SAN FRANCISCO, Sept. 26.—Attorney George Duprey has made the opening statement for the defense in the Durrant murder trial. He promises a complete alibi for Durrant, in his statement, tracing Durrant through the entire day of the murder. Then he said: "We will then turn our attention to some evidence found in the church. We will show that the marks upon the bell door are the marks of a chisel and that the chisel was found in the pastor's studio in a toolbox. We will show you as long as they have introduced a paper here with letters on it as compared with letters found in Emanuel church, that they are the letters written by

REV. DR. GIBSON.

Rev. John George Gibson. If we are to act upon suspicions, we will show you that there are others who have been cast into suspicion and worse than the defendant. We will show you that on April 3 Durrant wore a dark suit of clothes of blue cloth, while the witness Vogel said he had on light trousers. We will show that the eye-sight of Mrs. Leak and Mrs. Crossett, who claimed they saw Durrant enter the church with blonde hair, are impaired and that the reputation of witnesses Quinlan, Oppenheim and Phillips, who told the story of Durrant's attempt to pawn the dead girl's rings, for veracity is bad. If we can prove what we have outlined now, we should have the spirit of Blanche Lamont call upon you to realize the truth and if her spirit could come before it would let him be free for he harmed me not.

SWINDLED HIS FRIENDS.

Serious Charges Made Against an Absent Detroit Business Man.

DETROIT, Sept. 26.—A local paper publishes a sensational three column story regarding the disappearance from Detroit of Edward E. Harvey, a well-known heavy real estate operator and the supposed money end of the clothing firm of Mabley, Harvey & Co., which collapsed several weeks ago, after a short but showy existence. It is charged that Harvey, who was extremely popular in the business and social circles of the city, took advantage of social and fraternal ties to drag friends into speculative or pretended speculative schemes, until he had caught a score of them to the amount of over \$100,000. One of his principal alleged victims is R. C. Webb, who indorsed Harvey's paper to the extent of nearly \$100,000. Most of those who have suffered through Harvey's speculations will say nothing about it. Harvey is now in Winnipeg, where he is interested with others in developing the salt and lumber resources on a large tract of land which they own.

Russians Taking Money Back.

TOPEKA, Sept. 26.—A large colony of Russian farmers from Shavnee, Pottawatomie and Ellis counties, have met here and started for Russia. This is the fourth large party that has left Kansas for their former homes this year. Each of the number has between \$3,000 and \$5,000 cash to make life easy in the czar's empire. Others will follow as soon as they can make the necessary business arrangements.

A CONVENTION SPLIT.

New York State Democracy Threatens Opposition Local Ticket—The Convention.

SYRACUSE, Sept. 26.—The Democratic state convention finished its work by nominating these officers: Secretary of state, Horatio C. King of Brooklyn; comptroller, John B. Jndson of Gloversville; state treasurer, D. C. Dow of Cobleskill; attorney-general, Norton Chase of Albany; state engineer, Russell R. Stuart of Syracuse; court of appeals, John D. Teller of Auburn.

The administration of President Cleveland is endorsed in the platform. On the excise question a declaration for local option and no blue laws is made. The tariff and money planks read as follows:

Federal taxation for revenue only; no government partnership with protected monopolies; no meddling with the present reformed tariff to the injury and unsettling of business and industries.

Sound money; gold and silver the only legal tender; no currency not convertible into coin; gradual retirement and extinction of the greenback currency; no free and unlimited coinage of silver.

There has been an absolute lack of enthusiasm, for up-country delegates are angry that an understanding was not arrived at with the state Democracy people and Tammany, while exultant at the state Democracy's defeat, is still quite disgruntled at the platform declaration on excise.

Never at any political gathering did so much depend upon the admission of contesting delegations and never were plans so rudely broken, as when the state Democracy refused to enter the convention, because their full quota of delegates were not seated.

Charles S. Fairchild of New York of the state Democracy said when he left the convention: "You can announce that we will have a ticket of our own on all local issues."

"Will you affiliate with the Republicans?"

"I don't know as yet, we have not yet made a decision."

A Kentucky Feud Revived.

LEXINGTON, Ky., Sept. 26.—A special from Harlan Court House says excitement is at fever heat in Harlan county over the renewal of the Helton-Howard feud. Matthew Belcher, one of the Helton henchmen, waylaid and killed Jim Holland, a negro runner for the Howard faction. Belcher was arrested and lodged in jail, and the Heltons say he must be released. Their demands will be resisted by the officers backed up by the Howards, and trouble of a serious nature is imminent.

To Investigate the Beef Trust.

WASHINGTON, Sept. 26.—Attorney General Harmon has decided to refer to the United States district attorney at Chicago the letter received by him from Secretary Morton in regard to the alleged beef trust. Mr. Harmon will ask the district attorney to give the matter immediate attention and to take such action as in his judgment the evidence submitted as to a trust warrants.

Governor Woodbury Explains.

NEW YORK, Sept. 26.—Governor Urban A. Woodbury of Vermont has taken occasion to correct the remarks generally attributed to him at Chickamauga last Friday. What he said was: "We are willing to believe that you thought you were right at the time, but we cannot do otherwise than teach our children that you were wrong."

Canadians Want Their Cash.

OTTAWA, Sept. 26.—Lord Aberdeen, the governor-general, is hastening back to the capital to meet Sir Julian Pannecote, the British ambassador at Washington, who will be here on the 30th inst. It is understood Sir Julian has received instructions to press for the immediate payment of the claims of Canadian sealers under the Paris award.

Five Bandits to Be Hanged.

FORT SMITH, Ark., Sept. 26.—Luckey Davis, Moama July, Sam Simpson, Lewis Davis and Rufus Buck have been sentenced in the United States court to be hanged on Thursday, Oct. 31. They are the Buck gang of outlaws who created a reign of terror in the Creek nation during the latter part of July and first of August.

FINERTY HAS A BOLD

IRISH DELEGATES DELIGHTED.

He Advocates a Standing Army of Irishmen to Be Ready to Strike a Blow Against England—Delegates From Pittsburgh Refused Seats.

CHICAGO, Sept. 26.—The second day's session of the Irish convention was even more lively than the first, a speech of Hon. J. F. Finerty again being the cause of the excitement, especially when he suggested a standing army of Irishmen.

The following officers were elected: Hon. J. F. Finerty, chairman; J. P. Sutton, secretary; J. F. Keating, T. H. McGreary and J. O. Strain, assistant secretaries; vice presidents, J. M. Kennedy, Montana; C. D. O'Brien, St. Paul; C. F. Driscoll, New Haven; P. J. Judge, Holyoke; Cornelius Varding, Pittsburgh.

Delegates Dr. P. M. Sheedy and John Madden of Pittsburgh were refused seats because their credentials were not considered sufficient.

Mr. Finerty's address was made after he had been chosen permanent chairman. He said: "American papers question the prudence of holding this convention and dictating to us a policy and hoping we will do nothing to offend English sentiment. I will remind my American editorial friends that when America had a grievance against England they did not stand on the order on which they threw the British tea chests into Boston harbor.

"The English press will say that we are here for other purposes than the accomplishment of the liberty of Ireland. It is physically and morally impossible for the English press to tell the truth. (Cheers.) We do, however, desire to tell Britain and France and Russia and every other possible enemy of Britain that we are in this fight to stay. (Cheers.) We are not in for one year or three, but for war. (Tremendous cheering.) We do not care if Scotland Yard is holding us in hearing, because we are meeting in public and with an avowed purpose."

Continuing, the speaker said: "England stole our parliament. We have asked it back. We have gone out of our way to humiliate ourselves at the feet of England. Are we to remain thus forever. We are not here to be told that we contemplate murder or swindling. These are the things that the French who hate England and who ever they get tangled up in a dispute with England over the colonies that they can rely upon our support.

"We are here to encourage the enlistment of young Irishmen, whether in independent or regular battalions, to be ready when the time comes." [Prolonged cheers.]

Mr. Finerty thus outlined the cause and purpose of the meeting and concluded with a ringing peroration that brought the audience to its feet again and again. The close of the speech produced a wonderful scene in its way, the audience standing and cheering for fully ten minutes. After this two resolutions were offered, expressing sympathy with the Cuban revolutionists. A communication was presented from the Polish Alliance of the United States expressing sympathy with the objects of the convention.

A number of telegrams and cablegrams approving the convention and indorsing the cause were read by Secretary Sutton.

A noticeable fact was that many of the telegrams from Ireland came from the northern end of the island, where the national flag is supposed to have been flown by the advocates. At these cablegrams were received with great applause.

The chairman read a clipping from the Pall Mall Gazette which favored meeting the Irish half way in their struggle for independence. The reading was received with loud applause.

Calls were then made for other speakers, and O'Donovan Rossa, O'Neill Ryan of St. Louis, and delegates O'Leary of Montana, Langdon of New York and Wilhere of Pennsylvania responded.

Rossa was given an ovation when he arose to address the meeting. He said in part: "I am not in favor of waiting. In my judgment the time to strike is when you are ready, and the place to strike is England. All this talk of waiting is very well, but it has no terror for England. She is more afraid of the Irish in England and Ireland than in any other place. Now is the time for us to strike, and the quicker the better."

The other speeches made were in the same vein, and all were heartily applauded.

Prominent Man May Be Executed.

CHEYENNE, Wyo., Sept. 26.—A verdict of murder in the first degree has been returned against E. S. Crocker, one of the most prominent stockmen of Wyoming, who has been on trial for two weeks at Evanston charged with the murder in January of his partner, Harvey Booth.

LOCAL BREVITIES.

D. C. Weatherhead has moved to this city from Allegheny.

Will A. Rhodes, the Knowles, Taylor & Knowles traveler, arrived from the east yesterday after a trip.

Robert Wilson, one of the stockholders of the Akron pottery, was in town last night looking for pressers to go to Akron. They need a few good men.

Thomas Osborne, of California hollow, is able to be out after receiving a severe shaking up by being thrown from a street car in Wellsville on Sunday.

A traveling salesman who spent yesterday in the city is not as superstitious as the actor at the hotel. He had 13 trunks, and it did not seem to bother him at all.

The Young Men's Christian association will be entertained by the Ladies auxiliary tonight. A pleasing program of music and oratory has been arranged for the occasion.

There is a gas pipe on Franklin street that should be looked after by the city. It is above ground for several feet and is a source of great annoyance to teamsters.

Mr. Lewis, who has been here in the work of the Ohio bureau of labor statistics, left yesterday afternoon for Palestine and Leetonia, where he will visit the potteries in those places.

The chestnut season has opened, and some fine specimens of nuts have already been brought to the city. The crop is said to be exceptionally good in spite of the frosts late last spring.

The repairs at the First Presbyterian church are complete, and the light was turned on the other evening, showing the improvements to be greatly to the advantage of the congregation.

F. L. Trappe will leave for his home in Cleveland, and Bert Irons for Monaca, Pa., on Saturday. They have made many friends during their stay in the city and the probabilities are that they will be found under the C. C. C. colors again next year.

James Hanlon, of Lincoln avenue, yesterday received a painful reminder of the awful accident which resulted in the death of his daughter, Mrs. Leyden, last March. It was a letter sent to her by a friend in Montana, who had not heard of the tragic happening.

A well-known business man who is much in love with bicycling came in contact with a small boy on Fifth street yesterday afternoon. The small boy was not hurt, but the business man made a flying leap over the handle bars, alighting on his hands and knees, much to the amusement of bystanders.

Liverpool politicians have learned authoritatively that I. J. McMillen, of Leetonia, is a candidate for clerk of courts, and is already in the field working hard. This is his third canvass for the office, he having been second in the race twice. The political cauldron is bubbling and spluttering more every day.

The great work of Mercer is a source of much gratification to his friend in this city. He won his game against the New Yorks yesterday, only giving them six hits. This makes the seventh consecutive game he has won, and it is safe to say that he will not be released by Washington unless they receive a good price for him.

The committee appointed by the Methodist conference in Canton to arrange for the entertainment of ministers at the next meeting have a great task on their hands, and one that will require hard work. Under the new arrangement the entertaining congregation will have to pay the board bill of the conference.

One of the best signs that business is reviving in the city is found in the number of men at work. A resident who wanted a man to work a little around his house went into the Diamond this morning and was surprised to find three other residents there on the same mission. They could find no one hunting work, where a month ago they could have found hundreds.

A certain young machinist of this city who attended the Beaver fair yesterday is wondering how many steps there are from the top of the hill to the station. Having stayed in Beaver to call on a lady friend, he had to run to catch the midnight train, and when he started down the steps his feet slipped and he came down in the most improved fashion. He was only bruised a little, but swears he will take the road the next time he is in a hurry.

An East End family arranged to have a nicely baked chicken for supper last evening. Their joy at the board was turned to grief when it was discovered that there was something wrong with that fowl. The bones were like egg shell, and snapped without the slightest difficulty. They even crumbled under the hands of the members of the family as though they were not capable of supporting the plump flesh of the chicken. The family became suspicious, and the chicken was thrown into the garbage barrel.

What are Featherbone Corsets?

How are they different from other corsets. These are questions frequently asked us. To explain this correctly we must first state that the Featherbone corset people have a patent process of transforming the quills of feathers into an article for boneless corsets that has no equal. It is not affected by dampness or perspiration; is soft and pliable. You cannot break it. It will stand washing and takes readily to your form. The corset needs no breaking in, and with each one sold the manufacturers give a written guarantee that the corset will be satisfactory or your money will be refunded.

Featherbone Corset Waists.

No corset waist sold will equal it for fit and wear. It's the perfect shape and gives your form a perfect contour. It is not a high-priced waist. We have them with the buttoned front or with the steels, in both drab and white from 18s to 30s in sizes. Ask to see these corsets when in the store.

Thompson's Glove Fitting Corsets.

We keep a full line of these goods from \$1.00 per pair up to \$2.00, including their popular K. and L. brands at \$1.00 and \$1.25 per pair. We carry nothing but the best makes of corsets and have built up a big corset trade by always selling reliable goods.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this notice at a distance of 12 inches from the eye with ease and comfort. Those who are unable to do so with such ease and comfort, if unable to do so, your eyes are defective and should have immediate attention. When the eye becomes tired from reading, writing, or if the letters look blurred and rise together, it is a sure indication that the glasses are needed. The lenses and the strong parts of the eyes are equal density and have perfectly ground surfaces. Concussion of the eyes will result in putting the eyes in the hands of the optician to be examined and adjusted to the eyes of the patient."

WHY NOT

Does every man, woman and child endeavor to do the best for themselves? If not, why not? Just the same reason that when a man or boy needs a new suit of clothes he strikes for our store. He does.

Waste time in going around among our competitors. They know by actual experience that we not only make it pleasant for you while at our store, but make it profitable as well. We want to keep you for our customer, and will.

TRY IT.

Our best to give you such satisfaction that we may always retain you for our customer. Our line of suits for men and boys this fall is exceedingly large, and our prices are so low that our competitors do not attempt to keep pace with us. Have you ever tried our store. If not, try.

You will never regret it. Our values are big in each department. We do not handle trash in any line; you'll have to get that some place else, but we retail Clothing, Hats, Caps, Trunks, Valises, &c., of surpassing worth, for the same prices you pay for trash in other stores.

WHAT

Will you need for fall wear? A Suit, Overcoat, Hat, Underwear, or possibly single pants? It matters not. We want you to pay us a visit. We guarantee we will make it pay you. Don't forget that we carry the most complete line of Trunks and Valises in the city. We want your trade. Come and see us.

ANOTHER WAGON CASE

Harrison Rinehart Is Charged Once More.

W. T. M'CAIN IS A COMPLAINANT

He Says That the Vehicle Was In the Alley Longer Than the Specified Time, and Wants the Responsible Party Punished—Ready to Fight the Matter.

Harrison Rinehart, who had an experience in police court, several weeks ago because several of his wagons were left in an alley, is in it again.

The charge was filed this morning by W. T. McCain, the original complainant. McCain came to city hall this morning in company with Attorney Brookes, and made out the charge. It is similar to the other, and the facts he gives are on the same line. He claims that the wagon was allowed to remain in the alley longer than the time specified in the ordinance, which is two hours. He claims to know this because he watched the vehicle, and feels confident that he was not mistaken in the time. Rinehart will be notified and a date for the hearing set, when the question of wagons in alleys will likely be ended forever, or the case carried to common pleas court. If a crusade is made against the practice, there are other places where wagons are allowed to remain on public ground as long and longer than those of the liveryman in question.

TURN ON THE LIGHT.

A Prominent Citizen Advocates a Monster Search Light.

A prominent and conservative citizen of East Liverpool, speaking of the sermon of Reverend Taggart, delivered on Sunday last, in which the reverend gentleman made some exceedingly startling announcements respecting the social evil as connected with this city, asserts that his experience confirms the preacher's assertions, and he now advocates, as a remedy, the erection of a tower in the most prominent and central part of the city and the placing thereon of a powerful search light, which can be turned upon the highways and byways and places of evil resort at any time of the night, bringing to light the actions of those who prefer "darkness to light, because their deeds are evil." This search light feature has been introduced in some parts of the country, and has proved to be a wonderfully good thing in the maintaining of law and order. Why not here? Let the light be turned on. Said this prominent citizen, in a conversation held with him by a News Review representative:

"There are none so blind as those who are determined not to see. I am deeply interested in the prosperity of East Liverpool, and of course interested in her citizenship. The rising generation will soon constitute that citizenship. My attention has been called of late, by good men and true women, to the late hours kept by young girls upon our thoroughfares, and especially upon streets where the travel is light, and I made it my business to investigate fully. The result has saddened me beyond measure. Young girls, ranging from 13 to 18 years of age, oftentimes well dressed and bearing outside evidences of home care and attention, nightly meet young men on thoroughfares which I can mention in case of necessity, and their actions and language are simply shameful. I deem it my bounden duty, from positive evidence in my possession, to sound a note of warning to too confiding parents, and urge them to know, beyond peradventure, where their girls are during the hours of 9 to 11 o'clock at night. I am not a sensationalist, but am speaking sober truth and warning, and I have abundant proof for the assertions I have made. Sound the warning in the columns of the News Review, and you may accomplish great good."

HAPPY LADIES.

We Mean Those Who Will Attend Lizzie Wilson's Display.

Talk about an earnest endeavor to please the ladies of East Liverpool and vicinity, and you would have found the idea fully exemplified had you dropped in at Miss Lizzie Wilson's millinery headquarters this morning and witnessed the hustle and bustle of Miss Lizzie and a strong corps of lady helpers and attendants, as they vied with each other in making the handsome room and show window a very bower of beauty, as a fitting background for the exquisitely lovely pattern hats and bonnets which will be placed on exhibition at the GRAND FALL AND WINTER OPENING, Friday and Saturday, September 27 and 28. Ladies and gentlemen have a cordial invitation to be present and inspect the beautiful designs and styles, at present all the rage in the leading cities of the east.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, aiding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cent per bottle at T. L. Potts drug store.

Good For the Ideals.

Henderson's Ideals drew another good house at the Grand last night, and as before, delighted those present. The performance began with a one-act curtain riser, "A Lucky Accident," in which the cast elicited well earned applause. This was followed by a three-act farce comedy, "The Thunderbolt," in which the entire company gained more laurels by their pleasing deportment. The play was interspersed by specialties by members of the cast, which were well received, and the evening was one of delight to the audience. Tonight they produce, "Cast Aside," a melo-drama which cannot fail to please.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Potts drug store. Regular size 50c and \$1.

THE STUDY

—of the action of medicines, or vegetable compounds, upon the stomach, and tests in many hundreds of cases, long ago convinced Doctor R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, N. Y., that all cases of Indigestion, Dyspepsia and Liver Complaint could be cured permanently if the right treatment were given. In support of his belief that he had discovered an alterative extract which he called "Golden Medical Discovery," he would cure these diseases, he collected from all parts of the country the evidence of those who had used his medicine, and he has asked the public to investigate for themselves, as he would be glad to furnish the names and addresses of thousands of people who have used Dr. Pierce's Golden Medical Discovery. All interested should send for a little medical treatise on Dyspepsia, Chronic Diarrhea, "Liver Complaint," Biliousness, Constipation and Piles, published by the World's Dispensary Medical Association, Buffalo, N. Y., and mailed on receipt of six cents in one-cent stamps. This book also contains the photographs and testimony of many persons who have suffered from diseases of the digestive organs.

INDIGESTION; SEVERE PAIN IN STOMACH. THOMAS FLETCHER, of Clifton Station, Fairfax Co., Va., writes:

"I suffered the terrible tortures for ten years with what your Dr. Pierce's Common Sense Medical Advice described as 'Gastralgia' (pain in stomach). I employed our home doctor—looked at dozens of bottles of sassa-parilla with no benefit; then I took one-half dozen bottles of your Golden Medical Discovery, and in eight days I was cured. I then took six bottles of Dr. Pierce's Golden Medical Discovery, which made a new man of me. I am now fifty-two years old, and for the past five years I have worked very hard on my farm. It is impossible for me to say too much for the 'Golden Medical Discovery.'"

The Supply is Short.

The lemon supply is short and dealers are wondering where the rise in price will stop. No reason is given for the scarcity of the fruit, but one dealer said that he would soon have lots of money to jingle in his pocket if he had bought a hundred boxes of lemons a few months ago.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough remedy cured him of his cold so quickly that others at the hotel who had bad colds followed his example and had a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by Alvin H. Bulger, Sixth and West Market street, druggists.

Too Low for Traffic.

The river is falling again, and has reached that point where even the Olivette was compelled to tie up until more water comes. This suspends navigation on the upper Ohio for the present, but a rise will likely come before the month is over.

Irving W. Larimore, physical director of Young Men's Christian association, Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain balm to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one-half the time usually required. For sale by Alvin H. Bulger, Sixth and West Market streets, druggists.

They are Beauties.

One of the immense windows at Hard's is filled with carpets for the Tomlinson's Run United Presbyterian church. They are beauties. Hard's also furnish the new carpets for the First Presbyterian church of this city.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. Twenty-five and 50-cent bottles for sale by Alvin H. Bulger, Sixth and West Market streets, druggists.

M'KINLEY IS THE NAME

The Republican Club Was Organized Last Night.

FIVE HUNDRED GOOD MEMBERS

Will, in All Probability, be Found on the Rolls of the Organization Before the Year is Over—Many Have Already Been Secured—A Permanent Organization.

Had Governor McKinley been so situated that he could have dropped into city hall and secreted himself last night, he could easily have seen the high regard in which he is held by the people of this city.

The call for a meeting of Republicans for the purpose of organizing a permanent club to be attached to that great body which has made its presence so often felt in campaigns of recent years, was well attended and the business laid down for last night was carried out with a whirl. E. M. Crosser was chosen temporary chairman and J. J. Parinton was asked to sit at the secretary's desk while the permanent organization was being considered. In the lobby there was a crowd of earnest Republicans, all good men who fight and work for party principle at all times. The object of the organization was clearly expressed in this paper a few days ago, and again given to the assembled Republicans. A constitution founded on the principles that were expressed was adopted without a dissenting voice, and committees were appointed to push the work with a will. They will look after the securing of members and will care for the finances. Permanent quarters will be opened as soon as possible, for the club was last night placed on a sound footing. The membership fee and dues will be placed within easy reach of all, and the spirit with which the organization started will be maintained. When a name was selected for the club it was suggested that it be called after that great statesman and earnest Republican, James G. Blaine, but the mention of McKinley from another quarter brought forth loud applause, and the club was named after the governor of Ohio, amid great enthusiasm.

The rolls of the club already contain a large number of names, but it is the intention to increase the list until the 500 mark is reached. If this can be done, and there is no reason why it can not, the McKinley club of East Liverpool will be known far and wide as one of the best political organizations of Ohio.

AT THEIR OLD TRICKS.

The Masons Entertained Their Wellsville Brethren.

The Chapter, Masonic, last evening entertained their Wellsville brethren, and the occasion was one of great merry-making and rejoicing. The hall was decorated in great taste with laurel, ferns and golden rods, and was a veritable bower of beauty. One of the ante-rooms was hung with colored lights, and handsomely trimmed out in flowers, while great punch bowls filled on a neatly arranged table were placed with lemonade for the thirsty. The principal feature of the banquet hall were two long tables filled with viands for the feast and cut flowers. B. C. Simms was master of ceremonies, and welcomed the guests in a happy little speech that made all feel pleasant. Wolf's full orchestra made music for the dancers, and the pleasure was continued until a late hour. The Wellsville Masons and their wives went home delighted with the entertainment, and realized that the Masons of Liverpool are among the best entertainers in the land, for they never leave anything undone that will add to the pleasure of their guests.

A ROW ON SMOKY.

Mayor Gilbert Was Called to Quell the Disturbance.

A telephone message was sent to city hall last evening that announced a big row at the restaurant of Joseph Houck on Second street. There being no officers about, Mayor Gilbert decided to quell the disturbance himself, and hastening to the scene of warfare prepared to assert his authority. The trip only ended in disappointment for the mayor, for the place was locked up and dark, and there was no one there to arrest. He learned that there had been quarrels in the restaurant all afternoon, but as usual no one was hurt.

CONSUMPTION

Was the Disease That Caused the Death of Miss Ella Salisbury.

Ella, the daughter of Mrs. Lucinda Salisbury, died at the family residence, 197 Seventh street, this morning after a long illness, consumption being the cause. The disease had its foundation in a cold contracted last

November, and has been slowly eating its way into the life of the deceased until early this month when she returned from a visit, and was from that time confined to her room. She was a member of the First Methodist Episcopal church, Epworth league, and the Daughters of Liberty, and the last named organization will attend the funeral, which may take place on Sunday from the church. Miss Salisbury died a Christian, happy that she was soon to see the streets of heaven, and the scene at her death bed is described as impressive. She was 21 years of age.

THE LETTER THAT HE LONGED FOR Came at Last, but It Crossed the Atlantic Twice.

A few weeks ago a Liverpool man was mailed a letter from the headquarters of the Typographical union in Indianapolis. The clerk who directed the envelope only put Liverpool as the town, and the mail agents who handled it decided that there was but one Liverpool in the world, and sent it to England. There it was not called for, and the mail men returned it to the address in the upper left hand corner of the envelope. In time it was received at Indianapolis, but not before it had been sent to many postoffices and had been stamped by many stamps. When it reached the office they put it in another envelope, sent it to the right address, and it reached here after wandering thousands of miles.

STRIKE ENDED.

The Akron Men Got a Raise, and Are Satisfied.

Robert Wilson was in from Akron today, and says that the strike is ended. Some new arrangement in the pressing shop caused the trouble, but that has all been settled. Then some of the boys asked a raise in wages, and then they were laid off for a day or two until the matter was adjusted. Now the boys, all of whom are apprentices, got the raise they asked to the greatest number of cases, and the matter was satisfactorily adjusted. Mr. Wilson says this was done after the potters who came in from Akron a few days ago arrived here. He says it is settled beyond any doubt, and if there are any who don't believe it they can soon learn the facts in Akron.

GOT OUR SHARE.

Liverpool Remembered at the Endeavor Convention.

The United Presbyterians who attended the meeting of Christian Endeavorers at Richmond are home, and say they had a delightful time. When the offices were handed around Miss Lulu Hanley, of East End, was made secretary; Miss Jennie Meador, of Sixth street, was placed on the executive committee, and Frank White, of East End, got a place on the same committee, as well as being numbered among the delegates who will represent this district at the state convention. Richmond put forth its best effort in entertaining the visitors.

SOMETHING ON HAND.

Potters Hold a Meeting But Have Nothing For the Public.

Another of a series of meetings was held by the Brotherhood last evening delegates from all the unions in town being present. When asked today what they had done President Hughes said that nothing was being given out. They were discussing matters of importance that will appear in good time, but there was nothing for publication just now. He denied that unions out of town were interested in the movement.

MONEY TO BURN.

Liverpool is Having a Good Time in Beaver and Pittsburgh.

The passenger station was well patronized today, and Agent Adam Hill had his hands full handing out the little bits of pasteboard to people who wanted to spend a day out of the city. The passengers for Beaver numbered 280, while 76 decided they would go to Pittsburgh. Two sections of the morning train were required to carry the people from down the river, the first section being a special for Beaver passengers alone.

THIS IS INTERESTING.

The Cause of the Woes of a Married Man.

J. W. Robb, a traveling medicine agent living on Third street, returned home yesterday to find that his wife had left him and started a dressmaking establishment, where she expected to earn her own living. He was surprised at the turn affairs had taken, but could do nothing more than make the best of the bargain when he learned that his wife believed he was a nuisance.

FLED WITH HER SON

An English Woman Tires of a Brutal Husband.

SHE IS NOW IN BRITAIN

Another Tale of Where Marriage Was a Most Pronounced Failure—The Husband Abused His Wife and is Now Wondering Where She is—The Story is Ended.

That marriage is often a failure has become an old, old story, but it seldom happens that a neighborhood is accorded the privilege of discussing a case equal to the one that gives Starkey lane an opportunity to talk just now.

The central figure is a man who has had a large circle of acquaintances in the city, but has lost some of them because of the manner in which he treated his wife. She is described as a patient woman, who has spent years in endeavoring to convince her husband that he does wrong in treating her as he has done, but without visible effect upon his conduct. He continued the path he so often trod, and it was no unusual thing for him to go home and beat and roundly abuse her in a shameful manner. At times she has been compelled to fly to her neighbors to escape his cowardly attacks, and times have been known when she was turned out of the house, cursed and threatened at every step. Unable to stand this cruelty any longer, she recently took her son and fled from the house, leaving the city for New York, where she took passage, and is now on her way to England, where she had a good home when she was a girl. It is understood that this was all arranged before she left the city, and she will live with her parents on the other side. The husband, it is thought by her friends, knows nothing whatever of his wife's whereabouts, and does not seem to care, since he thinks she will soon return. His name is known and freely handled by the people who know the story, and they are not a few, but for reasons that may appear later it is withheld. The woman left on Monday and sailed from New York on Tuesday, having taken the train at Rochester.

NOT THE MAN.

James Swaney Released This Morning. News in Police Court.

James Swaney, who was charged by Caroline Vandyne Smith with stealing \$125, was released from jail today. Caroline appeared to have been mistaken as to the man, but Swaney does not take kindly to the trouble she caused him.

John Quinn, a local tailor, was drunk and disorderly when Officer Meador found him and advised him to visit at city hall. John did not care to visit and resisted. The officer called the patrol, but Patrolman McMillen was at dinner and could not respond. Quinn was finally taken to city hall and locked up. He had no money and said he would like a trip to the workhouse.

Cliff Dawson was released from the city prison last night his father having appeared and vouched for him. Benjamin Barker, foreman at the Knowles plant, walked into the mayor's office later in the evening, and asked that the sentence of Keenan, the other man arrested, be made as light as possible, and the mayor decided to let him go provided he would promise to behave himself and pay the costs.

Mayor Gilbert has changed his mind about Sidney Burroughs, and it is likely that the youth will go to Canton with French tomorrow. It was decided that he should buy his liberty by cleaning city hall, and he became "sassy," as the mayor styles it, and punishment will follow.

There was a little incident in connection with the arrest of Gill in the East End the other day that did not become public property at that time. He resisted, and Officer Meador gave three blows with his club, after which Gill was a fit subject to be taken down.

BENEFIT FOR ALL.

Dam the River and There Will Be a New Order.

Captain Henderson, one of the best known of Ohio rivermen, is quoted as arguing this way in favor of the improvement:

"The Ohio river furnishes favorable means for transportation if it were properly dammed and locked from Pittsburgh to Cairo. It would result in a material increase in traffic. All the western and southern states are interested in the improvement of the Ohio river, for it is a great highway, over which the manufacturer, the merchant, coal operator, farmer and every shipper transports his commodities at as low rates of freight as can

be secured to all points north, west, south and even to the shore of the Pacific ocean.

JOHNSON ASKS DAMAGES.

He Wants the County to Pay Him for Going Over the Hill.

Special to the NEWS REVIEW.

LISBON, Sept. 26.—James R. Johnson, the Liverpool teamster, sued the county commissioners today for \$1,000 damages. He claims that on April 26 he was driving along the Wellsville road when his team, at a point near Brady's run, scared at the wreck of a milk wagon, and plunged over the bank. One horse died from his injuries, and the wagon was broken while the driver sustained permanent injuries.

The First National bank sued A. C. Bradshaw and Laura Barth for \$1,000 today. It is the amount of a note given last May.

BOGUS COIN.

An Old Piece in the Hands of a Local Man.

While making a purchase at a store the other day, F. Leslie Trump received a five-cent piece that is a curiosity. It was coined in the year before they put cents after the word five, and was evidently used by some sharper, as were thousands of others, as a \$5-gold piece, for its face plainly shows the remains of the thin plating of gold. Then it was probably used to adorn some fair maiden's necklace, for two holes were once punched in the coin. These were plugged when the counterfeit was discovered and the nickel again began active duty as a five-cent piece.

AFTER THE BOYS.

Liverpool Lads Were Arrested in Wellsville.

Detective Meehan, of the railroad, has not allowed his campaign against the train jumpers to grow cold, and some arrests are made almost every day. The latest victims in which Liverpool is interested are two young men who gave the names of Hassey and Viney. They were captured at Wellsville after having been watched all the way from Rochester, and were locked up. Hassey was released by a relative paying his fine, and Viney got out in the same way. It cost them \$each.

M'GREGOR DECISION.

The Circuit Court Will Report Its Findings Tomorrow.

Special to NEWS REVIEW.

LISBON, Sept. 26.—The circuit court has made such progress with its work that the decisions are expected tomorrow, and with them the fate of the motion for a new trial in the McGreggor case. No word is given out as to what that will be, although the opinion expressed by the News Review yesterday is still generally believed in this city.

A PLEASANT TRIP.

A Liverpool Business Man Has a Decidedly Good Thing.

T. J. Barnes, accompanied by Anthony Schaub, a fruit dealer of Pittsburgh, will leave Monday for Philadelphia and set sail on Tuesday for Porto Rico. The trip was offered to Mr. Schaub and a friend free of charge by the owners of the line of steamers plying between these two places, and being a warm personal friend of Mr. Barnes, he was asked to accompany him. The trip will last about 25 days.

Will Go to Lancaster.

Mrs. David Strauss, who, with her family, formerly occupied a shanty boat above Thompson's pottery, was at city hall this afternoon to see what would be done with her son Earl. Truant Officer Beardmore placed a charge against him and Mrs. Strauss said she could do nothing with him. He will probably go to the reform school, as will John Prudence, a Second street boy. Young Strauss is the boy who was so badly hurt by a train while sleeping on the track at Rochester a few months ago.

Hunting For Relatives.

Trustee Lloyd has sent out letters regarding the identity of Mrs. A. F. White, the lady who died here Sunday, and Agent Hill is searching for the baggage which the Baltimore and Ohio and Wheeling and Lake Erie check is supposed to call for.

A Sensation Coming.

A well known law firm is known to be preparing papers in a case that will be sensational to say the least. They will not divulge the nature of the action, nor do they deny that it will be one of unusual interest.

A Pleasant Party.

A crowd of young people spent a pleasant evening at the Beal residence, California hollow, last night.

TWO FEMALE TRAMPS

They Walked From Cincinnati by Themselves.

ENTERTAINED BY THE TRUSTEES

They Wanted Passage to Pittsburgh, But That Was Refused, Although They Slept Well in a Hotel at the Public's Expense—A Wonderful Record.

The township trustees are frequently called upon to care for men who tramp across the country but it seldom happens that they are called upon to feed women who are far from home. Last night was an exception for Mary Miller and Laura Griffith walked into the office on Fifth street, and informed Trustee Albright they were tramping from Cincinnati and wanted passage to Pittsburgh. Mr. Albright was astonished, and gazed at them in wonder, but he eventually found time to inform them that he could do nothing of that sort. They complained of being destitute and in need of shoes, but he could do nothing for them beyond providing a lodging place for the night, where they could also get breakfast. He could not give them shoes, and they went away disappointed, but glad that they had a place to sleep, for the night before they had occupied a deserted shanty between here and Steubenville. They belong in Pittsburgh, and recently walked all the way to Cincinnati in search of employment.

Death of Captain Calhoun.

Captain Richard Calhoun, one of the oldest residents of Beaver county, is dead at the age of 80. For 55 years he was a steamboat captain on the Mississippi and Ohio rivers. He served through the civil war, and at the blockade of Vicksburg was commander of the Horizon, a vessel owned by himself. At the close of the war he returned to the steamboat business and made a good deal of money. Of late years he has lived a retired life at Georgetown. He is survived by his wife and four children, and was very well known and highly esteemed in this city.

Doing Nothing.

A prominent member of the board of education was questioned by a reporter regarding that awful fight over the bible in the central building, as detailed in a local paper last night, and he promptly disclaimed any knowledge of it. He did not know that there was any trouble, and he certainly knew that there had been no talk about it at board meetings, it being improbable that the board would take any action.

Special Rally Day.

There will be a grand rally day at the First United Presbyterian church, this city, on Sunday morning next, at 9:15. A program of special music, essays, recitations and speeches has been arranged, and an exceedingly pleasant time is anticipated. You have a cordial invitation to be present and bring your friends. Professor Gotschall will have charge of the musical part of the program.

There Was a Mortgage.

Constable Lyon yesterday afternoon levied on the property of Wilson & Gaston to satisfy the judgment of Albert Weimer, the Kensington dairyman, but he ran against an obstruction. It was in the form of a chattel mortgage held by Miss Lizzie Wilson, and its presence necessitated a hearing of the replevin case that followed. The trial is taking place this afternoon.

She Pleaded Guilty.

Mrs. McCrea, the Peake's point woman against whom a charge of assault and battery was preferred in mayor's court yesterday by Mrs. Dawson, appeared before Mayor Gilbert later in the day. She decided to plead guilty and paid the \$6.00 the mayor thought advisable to fine her. She claimed great provocation on the part of Mrs. Dawson.

Changed the Date.

The suit of Thomas Mears against I. N. Crable, involving the amount of two promissory notes, was to have been heard by Squire Morley today, but it has been postponed until Oct. 7.

In the court of Squire Rose this morning Kate McCurren confessed judgment in favor of Salina Chamberlain for \$62.

An Incident.

The people who want Avondale street paved cite this instance as one reason why the road should be improved. A small boy was riding on the tail board of a wagon when it passed over one of the numerous bumps that make the road notorious, and the boy sat on the ground.

BRICE AS RUNCOVER.

The Cleveland Leader believes that Senator Brice is at the head of a great bunco scheme, and forcibly argues thus. "He is anxious to make the friends of Campbell believe that an honest effort will be exerted this fall to elect the Democratic candidate for the governorship. He desires to make it appear that he really wishes to see the Democratic state ticket win in Ohio, and that the senatorship is a matter of secondary consideration. Perhaps he was compelled to do this by contract with his hired man, for it is a fact that Campbell stuck for a promise of loyal support by Brice before he would consent to head the state ticket. But Brice is not anxious to see Campbell elected. His only aim in Ohio is to control the legislature, which is to choose a United States senator next winter. He is now in Ohio laying the ropes for the election of Democratic members of the general assembly. That is what his conference with Farley and Ohliger in Cleveland means, and that is the meaning also of his visit to the state committee—his state committee—in Columbus. All the Brice agents will receive their instructions before the end of this week, if they have not received them already, and those instructions will doubtless contain full directions as to the method of trading Democratic votes for legislative candidates. Instead of Brice being in favor of the nomination of Campbell for the presidency, it is absolutely certain that Campbell is expected to do his best to help Brice secure control of the legislature. If the senator should come close to carrying the general assembly, he will take all the credit, for the partial Democratic victory and go into the presidential race next year with the prestige such a victory would give him. Nobody should be deluded by Brice's pretensions that he is working for Campbell or anybody else in this year's campaign. Brice is for Brice and nobody else."

Good health is a precious boon and those who enjoy it should preserve it at whatever cost. A DEEP WAY TO THE SEA

Discussing a Route to the Atlantic at Cleveland.

EMINENT ENGINEERS APPOINTED.

Premier Bowell Designates One to Represent Canada at the Convention—A United States Representative Then Selected—Papers on Different Subjects.

CLEVELAND, Sept. 26.—At the deep waterways convention a partial report of the committee on credentials has been submitted, indicating the presence of 330 delegates from 15 states and provinces.

President Howland stated that he had received a communication from Sir Mackenzie Bowell, premier of Canada, designating an eminent engineer, Mr. Munroe, to represent the Canadian government at the convention. Mr. Howland then invited Lieutenant George P. B. Low, who came to the convention as a representative of the United States government, and Mr. Munroe, to take seats on the platform. He said the action of the two governments in sending representatives to the convention did not in any way commit them to the policy of the convention.

After adopting a rule limiting speeches to ten minutes, discussion was declared in order, and Mr. Richard H. Dobell of Quebec, and Mr. A. L. Crocker, president of the Minneapolis board of trade, gave abstracts of the papers which they had prepared on "Export Lumber and Timber Trade." Mr. Dobell, in closing, cordially invited the convention to meet next year in Quebec.

George V. Wisner of Detroit, read a paper on "Lake Levels," in which he suggested the regulating of the stage of water in Lakes Erie, Huron and Michigan by means of a dam near the head of the Niagara river. Thomas T. Johnson of Chicago also read a paper on "Lake Levels." He said their regulation will secure an increase of low water navigable for depths in the several lakes affected to the amount of several feet, besides rendering the depths at all times more nearly uniform, and thereby enabling ships at all times to carry nearly full cargoes.

Mr. Joseph R. Oldham's paper on the subject "Is a Type of Vessel to Navigate Fresh and Salt Water Practicable?" Mr. Oldham thought he could design a large screw steamer that would answer fairly well for combined ocean and lake trade. Such a design would partake of a compromise between typical lake and ocean steamers.

The paper prepared by Mr. Thomas Curtis Clark of New York was on the subject "New York and Deep Water to the Great Lakes." "It is agreed by Americans," said Mr. Clark, "that New York is the port to be aimed at and the question is how to cheapen transportation thither. The cost of transportation can be lessened either by very deep ship canals or by canals deeper than those at present in use."

Mr. Clark then said: "Public opinion should concentrate itself upon the following things: First, immediate improvement of the Erie and Oswego canals, upon which a vote is soon to be taken. Second, construction of a ship canal not less than 25 feet deep around the falls of Niagara. Third, surveying the Oswego and Albany route to see if such a canal can be built within practicable limits of cost. Fourth, if fleets of steel barges can be built and insured so as to run both on the canal and on the lakes this would be a grand system."

The paper prepared by Mr. Alexander H. Smith, secretary of the executive committee of New York, was upon the subject "An Improved Erie Canal Offered to Lake Commerce as a Substitute for a Ship Canal."

The paper prepared by Prof. Emory R. Johnson of the University of Pennsylvania was on the "Effect of Deep Water Between the Great Lakes and the Sea Upon Railway Traffic and Profits."

French Surprise the Hovas.

PARIS, Sept. 26.—Official dispatches from Madagascar have been received here, according to which the French advance guard crossed the Anoronina mountains and met and defeated the whole of the forces of the Hovas with 30 cannons. The attack upon the Hovas was a complete surprise. The French suffered no losses. The troops have arrived at Antohy, only 40 miles from Antananarivo, the capital of Madagascar.

Decrease in Internal Revenue.

WASHINGTON, Sept. 26.—The monthly statement prepared by the commissioner of internal revenue shows that the total receipts of his office during July and August of the present year were \$25,742,322, as against \$51,925,404 during July and August, 1894. This is a decrease of \$26,183,082, or over 50 per cent. The net decrease for the single month of August was \$14,263,650.

The Charges Denied.

CHEYENNE, Wyo., Sept. 26.—Governor Richards and other Wyoming state officials have sent an open letter to Secretary Hoke Smith of the interior department denying specifically the charges of fraud made by Robert Foote, state senator from Johnson county, against certain state officials and prominent citizens of Wyoming.

The Valkyrie Crew Kicking.

LONDON, Sept. 26.—A dispatch from Queenstown to the Pall Mall Gazette reports that the crew of the Valkyrie III, who arrived on board the steamer Majestic, speak indignantly of the way in which excursion steamers and tugs hampered the yachts in the races off Sandy Hook for the America's cup.

State of the Gold Reserve.

WASHINGTON, Sept. 26.—The treasury has lost \$1,000,000 in gold for export to Europe and \$100,000 to Canada, leaving the true amount of the gold reserve at the close of the business \$24,118,404.

ANOTHER COUNTY SHORTAGE.

A Committee Reports on the Investigation of Delaware County's Books.

DELAWARE, O., Sept. 26.—On July 8 an investigating committee, composed of E. P. Hoover (D.), W. S. Sherwood (D.), and Abner Said (R.) previously appointed by Judge J. S. Gill (D.), began work on the records and books of the county auditor, county commissioners and county treasurer. They have just closed their work by handing in a voluminous report to the court of common pleas of their findings.

The committee finds that Auditor John J. Ramage has excessively drawn salary to the amount of \$1,172.95, and illegal drawings \$239.93. L. P. Lewis, excessive, \$737.95, illegal, \$979.87. The committee found that the books under Treasurer N. P. Ferguson and Auditor Joe J. Ramage had been changed so as to defraud the county of \$1,000. This deficiency was found in the soldiers' relief fund between February and August, 1888.

It is also found that John Chapman, deputy treasurer at that time for Treasurer Ferguson, who died Sunday night at Hutchinson, Kan., drew ten years' pay when he was entitled to only five months' pay at that time as a member of the soldiers' relief commission.

In the auditor's books from Feb. 28 to Aug. 31, 1893, orders issued on bounty fund amounting to \$13,100, which are not accounted for. The following August orders were issued to the amount of \$5,133, of which \$100 was paid, leaving the rest unaccounted for.

A General Demand Expected.

MASSILON, O., Sept. 26.—It is believed that the action of the coal miners of the Massillon district, in deciding to demand an advance to 60 cents per ton after Oct. 1, will precipitate a similar demand throughout Ohio. The miners now receive 51 cents a ton, but the operators expected to offer 56 cents on Oct. 1, assuming that the differential under Pittsburgh must be subtracted from Pittsburgh's cash rate. The miners contend, however, that the company store rate of 60 cents must be taken as the basis, giving them 60 cents in Ohio. If their demand is refused they will strike.

Two Governors at Pomeroy.

POMEROY, O., Sept. 26.—Governor McKinley is attending the reunion of the Society of the Army of West Virginia. Five thousand old soldiers are here. Governor MacCorkle is also present.

Ohio Bankers' Convention.

CINCINNATI, Sept. 26.—Two hundred delegates attended the fifth annual convention of the Ohio Bankers' association here.

SMALL OHIO HAPPENINGS.

James Butler of Marion fell from his bicycle, fracturing his collarbone.

John Drugorcka died from the effect of a blow given by Mike Palgot, at Lorain.

Palgot has been arrested.

Dell Wilson, charged with criminal assault at Lima, has been arrested in Toledo and brought to Lima for trial.

Mrs. Tuttle, aged 52, at Marion fell from a lounge on the top of a wagonload of furniture and was severely injured.

John Weatherwax, who attempted to cut Will Starzman's throat, was sentenced to Portsmouth to two years.

Leroy Ferguson, suspected of being the robber who held up Judge G. E. Holderness at Guyandotte, has been arrested at Portsmouth.

Relatives of William Armstrong of Cortland, have enlisted the assistance of officers to search for him. Armstrong disappeared a few days ago.

The campaign opened at Ft. Recovery by the People's party. General Coxey addressed a mixed assembly of Democrats, Republicans and Populists.

At a meeting of the Springfield board of affairs a landscape gardener of Cincinnati was hired to do the landscape work on Snyder park.

The Holmes county fair has opened at Millersburg. The efforts of the temperance people to close the saloons during the fair have been unsuccessful.

The Huston will case at Portsmouth has been decided in favor of J. H. and William Varner, the plaintiffs, breaking the will. An appeal will probably be taken.

Dan Moon, Jr., of Westboro, a brakeman on the Muskingum Valley, fell beneath the cars near Wilmington and the wheels cut his right arm off near the shoulder.

Ruth, the daughter of Elmer Ralston of Lima, died from typhoid malarial fever, and the attending physician claims the fever germs came from the timberlake sewer, and so notified the health officer.

Mr. H. R. Snyder of the Urbana Publishing company, which publishes the Daily and Weekly Citizen and the Gazette of that place, filed a petition asking for dissolution of partnership in common pleas court at Springfield.

The engineers, Morrison, Paul and Scott, of the canal in Marion county, have completed their survey, and pronounce it the most feasible route from the lake to the Ohio river. The canal follows up the Scioto.

The safe in the hardware store and post office at Mt. Hope was burglarized and nearly \$100 in money and stamps taken, beside about \$300 worth of cutlery. The thieves stole a horse from the stable of A. C. Fritch to haul the booty away.

Mrs. Michael Shawver of Tremont died of a big four passenger train near Middletown. Mrs. Shawver went to Cincinnati to have an examination with a view to an operation for cancer and was on her way home when her death occurred.

Stella Miller and Della Alexander fought a hard battle on the streets of Augusta, Marion county. The village council has determined that the marshal shall bring them before the honorable mayor to answer for the misdemeanor, or resign his office.

J. S. Dodge brought suit at Portsmouth to compel the waterworks trustees to supply water to a house belonging to him. A former owner owes a water bill, and the rules of the trustees forbid the turning on of the water until all arrearages are paid.

Thomas Mahoney, a painter from Youngstown, fell 50 feet from the third story of the Arlington hotel at Portsmouth. Beyond a slight scalp wound, he escaped uninjured. He says that he fell from the seventh story of a building in Indianapolis two weeks ago.

Ex-Policeman Charles Cauthorn and his brother-in-law, Sherman Marcum, engaged in a street fight at Columbus, in which Cauthorn was badly beaten. The difficulty grew out of the alleged mistreatment by Cauthorn of his wife, who is a sister of Marcum.

There was received at the office of State Treasurer Cope, at Columbus, a check from F. J. Jones of Cincinnati, for \$50 in payment for land he occupies on the township of the canal. A check was also received from W. T. McArthur for \$248, in payment for a tract of land belonging to the state, in Paulding county, which he has been occupying as his own.

PENSION LIST GROWING.

About 1,000 More Names Added to the Rolls This Year.

WASHINGTON, Sept. 26.—A year ago Commissioner of Pensions Lochren said that the limit had probably been reached in the number of pensions, or rather in the amount to be yearly appropriated for pensions, but that for two or three years the payments would remain about the same. It was his opinion that there would be a slight reduction in the number of pensioners on account of deaths, but that the allowance of new pensioners, with back pay and arrears, would probably keep the amount about even.

While the amount of money paid for pensions will not be materially different from that of past years, it appears that there has been added to the pension rolls during the year about 1,000 names in excess of those that have dropped out, so there has been an increase instead of a decrease. There have been a great many outstanding pension claims adjudged during the year and that accounts for the large increase. The year has not been very fatal to pensioners, the death rate being less than would be anticipated at the time of life at which the veterans of the late war have arrived.

A PRIZEFIGHT LICENSE.

Test Cases Brought In Texas to Decide Whether It Must Be Issued.

AUSTIN, Tex., Sept. 26.—A petition for a writ of Mandamus to compel State Comptroller Finlay to issue a prizefight license has been filed with Justice Denman of the supreme court, but it hardly will be acted on until the first Monday in next month, when court meets at Tyler. Mandamus papers were also served on Collector Williams of this county to compel him to issue prizefight license. The case is brought by county officers to test the law.

Should the decision concur with Judge Hurt's opinion it is believed that the fight will take place. Major Oppenheimer says he does not believe that the military will be used to stop the fight.

Armormakers' Protests Heeded.

WASHINGTON, Sept. 26.—After a reconsideration of the subject, Secretary Herbert has decided to abandon the idea of advertising for proposals for building the two new battleships with a provision for the inclusion of the necessary armor for the ships in one form of bid. Consequently the advertisement will call for bids for the ships without armor according to the existing practice under which all our new ships were built.

Latham May Go to St. Louis.

ST. LOUIS, Sept. 26.—It is stated positively that Manager Bancroft of the Cincinnati team, which is now playing in St. Louis and which has Arlie Latham playing third base for it, has made a direct offer to Von der Ahe whereby the popular third baseman may be brought to St. Louis. Bancroft wants Catcher Peitz.

Provisions Spoiled and Soldiers Dying.

TOULON, Sept. 26.—Dispatches received here from Madagascar state that all the provisions of the French expeditionary force which were stored at Majunga have been spoiled by high tide. It is also reported that French soldiers stationed at Majunga are dying at the rate of 30 to 40 a day.

Silver Ingots Stolen.

LONDON, Sept. 26.—Silver ingots of a total weight of 35,000 ounces, which had been shipped by Vivian & Co., Swansea, to Sharp & Williams, London, have been stolen from the van in which they were shipped while in transit from the Midland depot. No clue has been obtained to the robbers.

Wind Damages a Circus.

BURLINGTON, Ia., Sept. 26.—A terrible wind, hail and rain storm has passed over this city. Barnum and Bailey's circus was giving a performance and dismissed the audience. The main tent, animal tent and boarding tent were blown to strips and completely wrecked. No one was injured.

SHIPPED TO GIBSON.

Durrant's Attorneys Trying to Ring In the Preacher.

ALIBI PROMISED FOR DEFENDANT.

An Opening Statement of the Intended Line of Defense Made—Attempt to Be Made to Inspect the Evidence of Important Witnesses.

SAN FRANCISCO, Sept. 26.—Attorney George Duprey has made the opening statement for the defense in the Durrant murder trial. He promises a complete alibi for Durrant, in his statement, tracing Durrant through the entire day of the murder. Then he said: "We will then turn our attention to some evidence found in the church. We will show that the marks upon the belfry door are the marks of a chisel and that the chisel was found in the pastor's studio in a toolbox. We will show you as long as we have introduced a paper here with letters on it as compared with letters found in Emanuel church, that they are the letters written by

REV. DR. GIBSON.

Rev. John George Gibson. If we are to act upon suspicions, we will show you that there are others who have been cast into suspicion and worse than the defendant. We will show you that on April 3 Durrant wore a dark suit of clothes of blue cloth, while the witness Vogel said he had on light trousers. We will show that the eyesight of Mrs. Leak and Mrs. Crossett, who claimed they saw Durrant enter the church with Blanche Lamont, are impaired and that the reputation of witnesses Quinlan, Oppenheim and Phillips, who told the story of Durrant's attempt to pawn the dead girl's rings, for veracity is bad. If we can prove what we have outlined now, we should have the spirit of Blanche Lamont call upon you to realize the truth and if her spirit could come before it would say: "Let the defendant stand out, let him be free for he harmed me not."

SWINDLED HIS FRIENDS.

Serious Charges Made Against an Absent Detroit Business Man.

DETROIT, Sept. 26.—A local paper publishes a sensational three column story regarding the disappearance from Detroit of Edward E. Harvey, a well-known heavy real estate operator and the supposed money end of the clothing firm of Mabley, Harvey & Co., which collapsed several weeks ago, after a short but showy existence. It is charged that Harvey, who was extremely popular in the business and social circles of the city, took advantage of social and fraternal ties to drag friends into speculative or pretended speculative schemes, until he had caught a score of them to the amount of over \$100,000. One of his principal alleged victims is R. C. Webb, who indorsed Harvey's paper to the extent of nearly \$100,000. Most of those who have suffered through Harvey's speculations will say nothing about it. Harvey is now in Winnipeg, where he is interested with others in developing the salt and lumber resources on a large tract of land which they own.

Russians Taking Money Back.

TOPEKA, Sept. 26.—A large colony of Russian farmers from Shawnee, Pottawatomie and Ellis counties, have met here and started for Russia. This is the fourth large party that has left Kansas for their former homes this year. Each of the number has between \$3,000 and \$5,000 cash to make life easy in the czar's empire. Others will follow as soon as they can make the necessary business arrangements.

The English Half-traitor Won.

OSTER BAY, N. Y., Sept. 26.—The race between the half-traitor Spruce IV, the English boat, and Ethel Wynn, representing the Indian Harbor Yacht club of Connecticut, for the international challenge cup offered by the Seawanhaka Corinthian club of New York, was won by the English boat by 23 seconds.

A CONVENTION SPLIT.

New York State Democracy Threatens Opposition Local Ticket—The Convention.

SYRACUSE, Sept. 26.—The Democratic state convention finished its work by nominating these officers: Secretary of state, Horatio C. King of Brooklyn; comptroller, John B. Janson of Gloversville; state treasurer, D. C. Dow of Cobleskill; attorney-general, Norton Chase of Albany; state engineer, Russell R. Stuart of Syracuse; court of appeals, John D. Teller of Auburn.

The administration of President Cleveland is endorsed in the platform. On the excise question a declaration for local option and no blue laws is made. The tariff and money planks read as follows:

Federal taxation for revenue only; no government partnership with protected monopolies; no meddling with the present reformed tariff to the injury and unsettling of business and industries.

Sound money; gold and silver the only legal tender; no currency not convertible into coin; gradual retirement and extinction of the greenback currency; no free and unlimited coinage of silver.

There has been an absolute lack of enthusiasm, for up-country delegates are angry that an understanding was not arrived at with the state Democracy people and Tammany, while exultant at the state Democracy's defeat, is still quite disgruntled at the platform declaration on excise.

Never at any political gathering did so much depend upon the admission of contesting delegations and never were plans so rudely broken, as when the state Democracy refused to enter the convention, because their full quota of delegates were not seated.

Charles S. Fairchild of New York of the state Democracy said when he left the convention: "You can announce that we will have a ticket of our own on all local issues."

"Will you affiliate with the Republicans?"

"I don't know as yet, we have not yet made a decision."

A Kentucky Feud Revived.

LEXINGTON, Ky., Sept. 26.—A special from Harlan Court House says excitement is at fever heat in Harlan county over the renewal of the Helton-Howard feud. Matthew Belcher, one of the Helton henchmen, waylaid and killed Jim Holland, a negro runner for the Howard faction. Belcher was arrested and lodged in jail, and the Heltons say he must be released. Their demands will be resisted by the officers, backed up by the Howards, and trouble of a serious nature is imminent.

To Investigate the Beef Trust.

WASHINGTON, Sept. 26.—Attorney General Harmon has decided to refer to the United States district attorney at Chicago the letter received by him from Secretary Morton in regard to the alleged beef trust. Mr. Harmon will ask the district attorney to give the matter immediate attention and to take such action as in his judgment the evidence submitted as to a trust warrants.

Governor Woodbury Explains.

NEW YORK, Sept. 26.—Governor Urban A. Woodbury of Vermont has taken occasion to correct the remarks generally attributed to him at Chickamauga last Friday. What he said was: "We are willing to believe that you thought you were right at the time, but we cannot do otherwise than teach our children that you were wrong."

Canadians Want Their Cash.

OTTAWA, Sept. 26.—Lord Aberdeen, the governor-general, is harrying back to the capital to meet Sir Julian Pauncefote, the British ambassador at Washington, who will be here on the 30th inst. It is understood Sir Julian has received instructions to press for the immediate payment of the claims of Canadian sealers under the Paris award.

Five Bandits to Be Hung.

PORT SMITH, Ark., Sept. 26.—Luckey Davis, Moama July, Sam Simpson, Lewis Davis and Rufus Buck have been sentenced in the United States court to be hanged on Thursday, Oct. 31. They are the Buck gang of outlaws, who created a reign of terror in the Creek nation during the latter part of July and first of August.

Sargent Doesn't Believe It.

PEORIA, Ill., Sept. 26.—F. P. Sargent, grand master of the Brotherhood of Locomotive Firemen, says he has no information whatever of any attempt on the part of the Wabash railroad to get rid of members of the brotherhood or of those of any other organization, and does not believe it.

FINERTY HAS A HOLD

On the British Lion's Tail and Twists It Again.

IRISH DELEGATES DELIGHTED.

He Advocates a Standing Army of Irishmen to Be Ready to Strike a Blow Against England—Delegates From Pittsburgh Refused Seats.

CHICAGO, Sept. 26.—The second day's session of the Irish convention was even more lively than the first, a speech of Hon. J. F. Finerty again being the cause of the excitement, especially when he suggested a standing army of Irishmen.

The following officers were elected: Hon. J. F. Finerty, chairman; J. P. Sutton, secretary; J. F. Keating, T. H. McGreary and J. O. Strain, assistant secretaries; vice presidents, J. M. Kennedy, Montana; C. D. O'Brien, St. Paul; C. F. Driscoll, New Haven; P. J. Judge, Holyoke; Cornelius Varding, Pittsburgh.

Delegates Dr. P. M. Sheedy and John Madden of Pittsburgh were refused seats because their credentials were not considered sufficient.

Mr. Finerty's address was made after he had been chosen permanent chairman. He said: "American papers question the prudence of holding this convention and dictating to us a policy and hoping we will do nothing to offend English sentiment. I will remind my American editorial friends that when America had a grievance against England they did not stand on the order on which they throw the British tea chests into Boston harbor."

"The English press will say that we are here for other purposes than the accomplishment of the liberty of Ireland. It is physically and morally impossible for the English press to tell the truth. (Cheers.) We do, however, desire to tell Britain and France and Russia and every other possible enemy of Britain that we are in this fight to stay. (Cheers.) We are not in for one year or three, but for war. (Tremendous cheering.) We do not care if all Scotland Yard was within hearing, because we are meeting in public and with an avowed purpose."

Continuing, the speaker said: "England stole our parliament. We have asked it back. We have gone out of our way to humiliate ourselves at the feet of England. Are we to remain this forever. We are not here to be led about by a ringleader and to be brought to the audience to its feet again. The close of the speech produced a wonderful scene in its way, the audience standing and cheering for fully ten minutes. After this two resolutions were offered, expressing sympathy with the Cuban revolutionists. A communication was presented from the Polish Alliance of the United States expressing sympathy with the objects of the convention.

A number of telegrams and cablegrams approving the convention and endorsing the cause were read by Secretary Sutton.

A noticeable fact was that many of the telegrams from Ireland came from the northern end of the island, where the national idea is supposed to have but few advocates. All these cablegrams were received with great applause.

The chairman read a clipping from the Pall Mall Gazette which favored meeting the Irish half way in their struggle for independence. The reading was received with loud applause.

Calls were then made for other speakers, and O'Donovan Rossa, O'Neill Ryan of St. Louis, and delegates O'Leary of Montana, Langdon of New York and Wilhere of Pennsylvania responded.

Rossa was given an ovation when he arose to address the meeting. He said in part: "I am not in favor of waiting. In my judgment the time to strike is when you are ready, and the place to strike is England. All this talk of organizing to fight the English out of England is very well, but it has no terror for England. She is more afraid of the Irish in England and Ireland than in any other place. Now is the time for us to strike, and the quicker the better."

The other speeches made were in the same vein, and all were heartily applauded.

Prominent Man May Be Executed.

CHEYENNE, Wyo., Sept. 26.—A verdict of murder in the first degree has been returned against E. S. Crocker, one of the most prominent stockmen of Wyoming, who has been on trial for two weeks at Evanston charged with the murder in January of his partner, Harvey Booth.

LOCAL BREVITIES.

D. C. Weatherhead has moved to this city from Allegheny.

Will A. Rhodes, the Knowles, Taylor & Knowles traveler, arrived from the east yesterday after a trip.

Robert Wilson, one of the stockholders of the Akron pottery, was in town last night looking for pressers to go to Akron. They need a few good men.

Thomas Osborne, of California hollow, is able to be out after receiving a severe shaking up by being thrown from a street car in Wellsville on Sunday.

A traveling salesman who spent yesterday in the city is not as superstitious as the actor at the hotel. He had 13 trunks, and it did not seem to bother him at all.

The Young Men's Christian association will be entertained by the Ladies auxiliary tonight. A pleasing program of music and oratory has been arranged for the occasion.

There is a gas pipe on Franklin street that should be looked after by the city. It is above ground for several feet and is a source of great annoyance to teamsters.

Mr. Lewis, who has been here in the work of the Ohio bureau of labor statistics, left yesterday afternoon for Palestine and Leetonia, where he will visit the potteries in those places.

The chestnut season has opened, and some fine specimens of nuts have already been brought to the city. The crop is said to be exceptionally good in spite of the frosts late last spring.

The repairs at the First Presbyterian church are complete, and the light was turned on the other evening, showing the improvements to be greatly to the advantage of the congregation.

F. L. Trappe will leave for his home in Cleveland, and Bert Irons for Monaca, Pa., on Saturday. They have made many friends during their stay in the city and the probabilities are that they will be found under the C. C. C. C. colors again next year.

James Hanlon, of Lincoln avenue, yesterday received a painful reminder of the awful accident, which resulted in the death of his daughter, Mrs. Leyden, last March. It was a letter sent to her by a friend in Montana, who had not heard of the tragic happening.

A well-known business man who is much in love with bicycling came in contact with a small boy on Fifth street yesterday afternoon. The small boy was not hurt, but the business man made a flying leap over the handle bars, alighting on his hands and knees, much to the amusement of bystanders.

Liverpool politicians have learned authoritatively that L. J. McMillen, of Leetonia, is a candidate for clerk of courts, and is already in the field working hard. This is his third canvass for the office, he having been second in the race twice. The political cauldron is bubbling and spluttering more every day.

The great work of Mercer is a source of much gratification to his friend in this city. He won his game against the New Yorks yesterday, only giving them six hits. This makes the seventh consecutive game he has won, and it is safe to say that he will not be released by Washington unless they receive a good price for him.

The committee appointed by the Methodist conference in Canton to arrange for the entertainment of ministers at the next meeting have a great task on their hands, and one that will require hard work. Under the new arrangement the entertaining congregation will have to pay the board bill of the conference.

One of the best signs that business is reviving in the city is found in the number of men at work. A resident who wanted a man to work a little around his house went into the Diamond this morning and was surprised to find three other residents there on the same mission. They could find no one hunting work, where a month ago they could have found hundreds.

A certain young machinist of this city who attended the Beaver fair yesterday is wondering how many steps there are from the top of the hill to the station. Having stayed in Beaver to call on a lady friend, he had to run to catch the midnight train, and when he started down the steps his feet slipped and he came down in the most improved fashion. He was only bruised a little, but swears he will take the road the next time he is in a hurry.

An East End family arranged to have a nicely baked chicken for supper last evening. Their joy at the board was turned to grief when it was discovered that there was something wrong with that fowl. The bones were like egg shell, and snapped without the slightest difficulty. They even crumbled under the hands of the members of the family as though they were not capable of supporting the plump flesh of the chicken. The family became suspicious, and the chicken was thrown into the garbage barrel.

What are Featherbone Corsets?

How are they different from other corsets? These are questions frequently asked us. To explain this correctly we must first state that the Featherbone corset people have a patent process of transforming the quills of feathers into an article for boning corsets that has no equal. It is not affected by dampness or perspiration; is soft and pliable. You cannot break it. It will stand washing and takes readily to your form. The corset needs no breaking in, and with each one sold the manufacturers give a written guarantee that the corset will be satisfactory or your money will be refunded.

Featherbone Corset Waists.

No corset waist sold will equal it for fit and wear. It's the perfect shape and gives you form a perfect contour. It is not a high-priced waist. We have them with the buttoned front or with the steels, in both drab and white from 18s to 30s in sizes. Ask to see these corsets when in the store.

Thompson's Glove Fitting Corsets.

We keep a full line of these goods from \$1.00 per pair up to \$2.00, including their popular K. and L. brands at \$1.00 and \$1.25 per pair. We carry nothing but the best makes of corsets and have built up a big corset trade by always selling reliable goods.

WHY NOT

Does every man, woman and child endeavor to do the best for themselves? If so, why not make it pleasant for you while at our store, but make it profitable as well. We want to keep you for our customer, and will

TRY IT.

You will never regret it. Our values are big in each department. We do not handle trash in any line; you'll have to get that some place else, but we retail clothing, hats, caps, furnishings, goods, trunks, valises, etc., of surpassing worth, for the same prices you pay for trash in other stores.

WHAT

Will you need for fall wear? A Suit, Overcoat, Hat, Underwear, or possibly single pants? It matters not. We want you to pay us a visit. We guarantee we will make it pay you. Don't forget that we carry the most complete line of Trunks and Valises in the city. We want your trade. Come and see us.

ANOTHER WAGON CASE

Harrison Rinehart Is Charged Once More.

W. T. McCain IS A COMPLAINANT

He Says That the Vehicle Was In the Alley Longer Than the Specified Time, and Wants the Responsible Party Punished—Ready to Fight the Matter.

Harrison Rinehart, who had an experience in police court several weeks ago because several of his wagons were left in an alley, is in it again.

The charge was filed this morning by W. T. McCain, the original complainant. McCain came to city hall this morning in company with Attorney Brookes, and made out the charge. It is similar to the other, and the facts he gives are on the same line. He claims that the wagon was allowed to remain in the alley longer than the time specified in the ordinance, which is two hours. He claims to know this because he watched the vehicle, and feels confident that he was not mistaken in the time. Rinehart will be notified and a date for the hearing set, when the question of wagons in alleys will likely be ended forever, or the case carried to common pleas court. If a crusade is made against the practice, there are other places where wagons are allowed to remain on public ground as long and longer than those of the liveryman in question.

TURN ON THE LIGHT.

A prominent citizen advocates a monster search light.

A citizen and conservative citizen of East Liverpool, speaking of the sermon of Reverend Taggart, delivered on Sunday last, in which the reverend gentleman made some exceedingly startling announcements respecting the social evil as connected with this city, asserts that his experience confirms the preacher's assertions, and he now advocates, as a remedy, the erection of a tower in the most prominent and central part of the city and the placing thereon of a powerful search light, which can be turned upon the highways and byways and places of evil resort at any time of the night, bringing to light the actions of those who prefer "darkness to light, because their deeds are evil." This search light feature has been introduced in some parts of the country, and has proved to be a wonderfully good thing in the maintaining of law and order. Why not here? Let the light be turned on. Said this prominent citizen, in a conversation held with him by a NEWS REVIEW representative:

"There are none so blind as those who are determined not to see. I am deeply interested in the prosperity of East Liverpool, and of course interested in her citizenship. The rising generation will soon constitute that citizenship. My attention has been called of late, by good men and true women, to the late hours kept by young girls upon their thoroughfares, and especially upon streets where the travel is light, and I made it my business to investigate fully. The result has saddened me beyond measure. Young girls, ranging from 13 to 18 years of age, oftentimes well dressed and bearing outside evidences of home care and attention, nightly meet young men on thoroughfares which I can mention in case of necessity, and their actions and language are simply shameful. I deem it my bounden duty, from positive evidence in my possession, to sound a note of warning to too confiding parents, and urge them to know, beyond peradventure, where their girls are during the hours of from 9 to 11 o'clock at night. I am not a sensationalist, but am speaking sober truth and warning, and I have abundant proof for the assertions I have made. Sound the warning in the columns of the NEWS REVIEW, and you may accomplish great good."

HAPPY LADIES.

We Mean Those Who Will Attend Lizzie Wilson's Display.

Talk about an earnest endeavor to please the ladies of East Liverpool and vicinity, and you would have found the idea fully exemplified had you dropped in at Miss Lizzie Wilson's millinery headquarters this morning and witnessed the hustle and bustle of Miss Lizzie and a strong corps of lady helpers and attendants, as they vied with each other in making the handsome room and show window a very bower of beauty, as a fitting background for the exquisitely lovely pattern hats and bonnets which will be placed on exhibition at the GRAND FALL AND WINTER OPENING, Friday and Saturday, September 27 and 28. Ladies and gentlemen have a cordial invitation to be present and inspect the beautiful designs and styles, at present all the rage in the leading cities of the east.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, aiding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cent per bottle at T. L. Pott's drug store.

Good For the Ideals.

Henderson's Ideals drew another good house at the Grand last night, and as before, delighted those present. The performance began with a one-act curtain riser, "A Lucky Accident," in which the cast elicited well earned applause. This was followed by a three-act farce comedy, "The Thunderbolt," in which the entire company gained more laurels by their pleasing deportment. The play was interspersed by specialties by members of the cast, which were well received, and the evening was one of delight to the audience. Tonight they produce, "Cast Aside," a melo-drama which cannot fail to please.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Potts drug store. Regular size 50c and \$1.

THE STUDY

—of the action of medicines, or vegetable compounds, upon the stomach, and tests in many hundreds of cases, long ago convinced Doctor R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., that all cases of Indigestion, Dyspepsia and Liver Complaint could be cured permanently if the right treatment were given. In support of his belief that he had discovered an alternative extract which he called "Golden Medical Discovery," that would cure these diseases, he collected from all parts of the country the evidence of those who had used his medicine, and he has asked the public to investigate for themselves, as he would be glad to furnish the names and addresses of thousands of people who have used Dr. Pierce's Golden Medical Discovery. All interested should send for a little medical treatise on Dyspepsia, Chronic Diarrhea, Liver Complaint, Biliousness, Catarrh and Piles, published by the World's Dispensary Medical Association, Buffalo, N. Y., and mailed on receipt of six cents in one-cent stamps. This book also contains the photographs and testimony of many persons who have suffered from diseases of the digestive organs.

INDIGESTION; SEVERE PAIN IN STOMACH.

THOMAS FLETCHER, of Clifton Station, Fairfax Co., Va., writes: "I suffered the terrible tortures for ten years with what your Dr. Pierce's Common Sense Medical Advice described as 'Gastralgia' (pain in stomach). I employed your homeopathic—look 4 dozen bottles of sarsaparilla with no benefit; then I took one-half dozen bottles of a celery compound without any benefit; then I then took six bottles of Dr. Pierce's Golden Medical Discovery, which made a new man of me. I am now 62 years old, and for the past five years I have worked very hard on my farm. It is impossible for me to say too much for the 'Golden Medical Discovery.'"

THOS. FLETCHER, Esq.

The Supply is Short.

The lemon supply is short and dealers are wondering where the rise in price will stop. No reason is given for the scarcity of the fruit, but one dealer said that he would soon have lots of money to jingle in his pocket if he had bought a hundred boxes of lemons a few months ago.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had bad colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by Alvin H. Bulger, Sixth and West Market street, druggists.

Too Low for Traffic.

The river is falling again, and has reached that point where even the Olivette was compelled to tie up until more water comes. This suspends navigation on the upper Ohio for the present, but a rise will likely come before the month is over.

Irving W. Larimore, physical director of Young Men's Christian association, Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balm to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocation; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one-half the time usually required. For sale by Alvin H. Bulger, Sixth and West Market streets, druggists.

They are Beauties.

One of the immense windows at Hard's is filled with carpets for the Tomlinson's Run United Presbyterian church. They are beauties. Hard's also furnish the new carpets for the First Presbyterian church of this city.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. Twenty-five and 50-cent bottles for sale by Alvin H. Bulger, Sixth and West Market streets, druggists.
